University of Southern Mississippi
Hattiesburg, Mississippi

Noel Holston/Associate Editor

Foreword

The Sixties have ended and the University of Southern Mississippi weathered them well. The best years, hopefully, are yet to come. The new attitude at Southern, like that of the rest of the nation's colleges and universities, is no sudden development. It is the culmination of a series of events—intellectual, political, and social. In Southern's case, the Sixties were simply the period of gestation for these new ideas. Since the 1970 *SOUTHERNER* covers the 1969-70 term, it marks both the end and beginning of important decades. Through the following pages the rising status of the University is shown, but as the Seventies begin we must learn how we can best employ our advances for our benefit and for the benefit of those we precede.

. . . in retrospect

The decade of the 1960's was the most remarkable period of growth that Southern has ever experienced. Almost half of the buildings now in use on the campus have been constructed in the past ten years. Since gaining university status in 1962 Southern has become an ever changing institution of higher learning with a co-mingling of the philosophies of the old and the young that make it the most progressive university in the state. In the following pages the changes, the people, and the attitudes that characterized the Sixties at Southern are presented to make them a part of our history and to show us how far we have progressed.

The Sixties saw familiar faces disappear from the campus. Customs and styles came and went—some best forgotten, others to become treasured memories. Southern, more or less, outgrew many of its facilities and “hand-me-downs.”

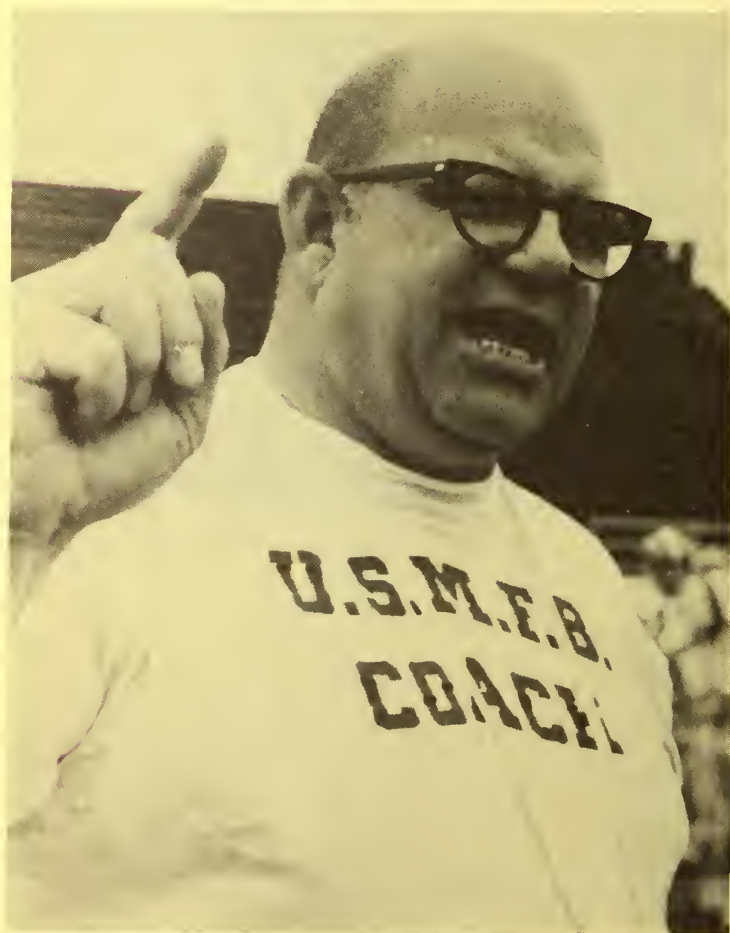

Registration didn't get any easier after it moved from the Sports Arena; it just got cooler and longer. From a gossip sheet for the campus, *The Student Printz* grew into an All-American rated newspaper. The winding Homecoming parades through downtown Hattiesburg came to an end, as campus decoration became the means for building spirit.

The Sixties saw the passing of an era in Southern football. Coach Thad "Pie" Vann, the soft-spoken Southern gentleman, retired bearing a string of titles and awards amassed over a tenure of twenty-two years. Bringing with him a new football philosophy and "Big Gold Country," P. W. "Bear" Underwood became Head Coach in 1969.

Their traditions, spirit, and leadership
 have added greatly to Southern's campus
 life over the past thirty-five years. And,
 like the campus, the Greeks have
 experienced a decade of growth. The
 Greek social organizations have expanded
 to a total of seventeen, adding three new
 sororities and two fraternities. The Sixties
 also witnessed the construction of the
 Panhellenic dormitory and the new
 fraternity row.

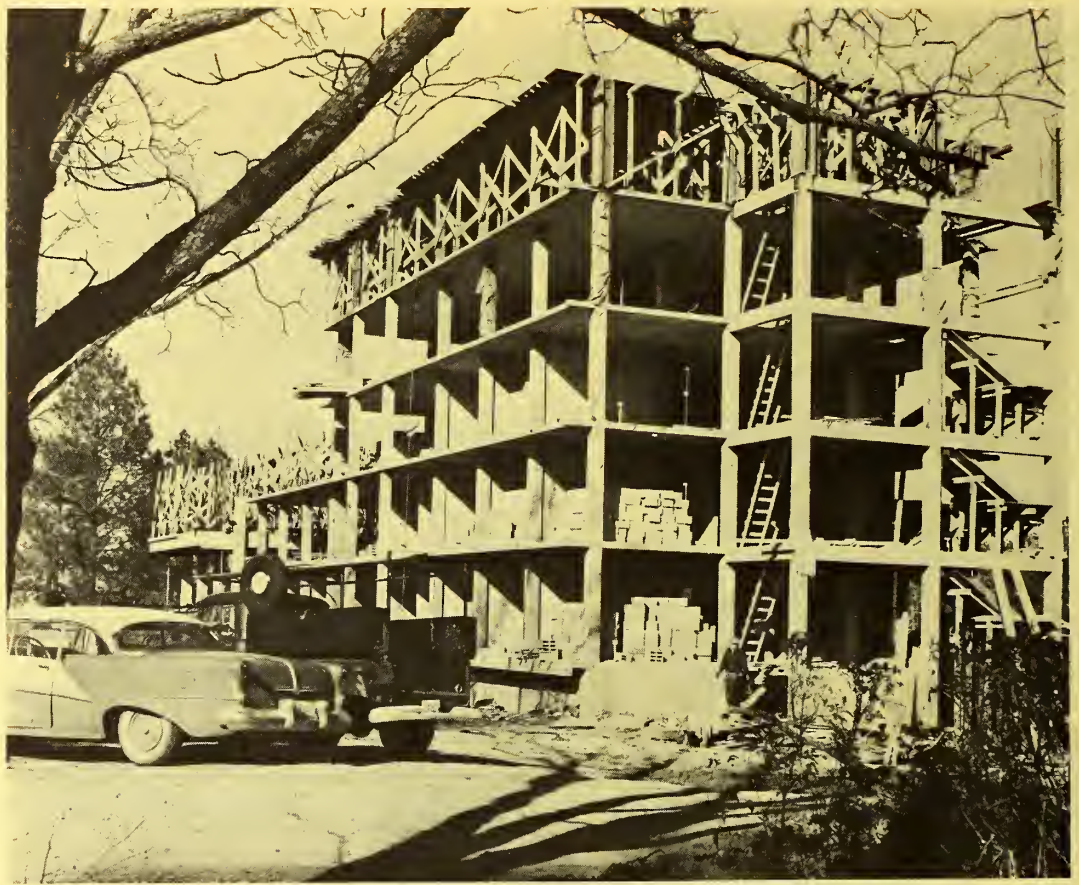

Being a part of a University requires participation. Southern offered its students many organizations as channels for their creative energies. The "Pride of Mississippi," the Student Government Association, and intramural athletic events were among the diversified areas in which Southern students grew through interaction with others.

Southern was constantly changing its face during the Sixties. As students returned each quarter, some new structure was always there to greet them. New dormitories, class buildings, recreational facilities, and a new cafeteria sprang up in once vacant lots or intramural fields. The buildings stretched outward and upward, as Southern became more and more a metropolitan institution.

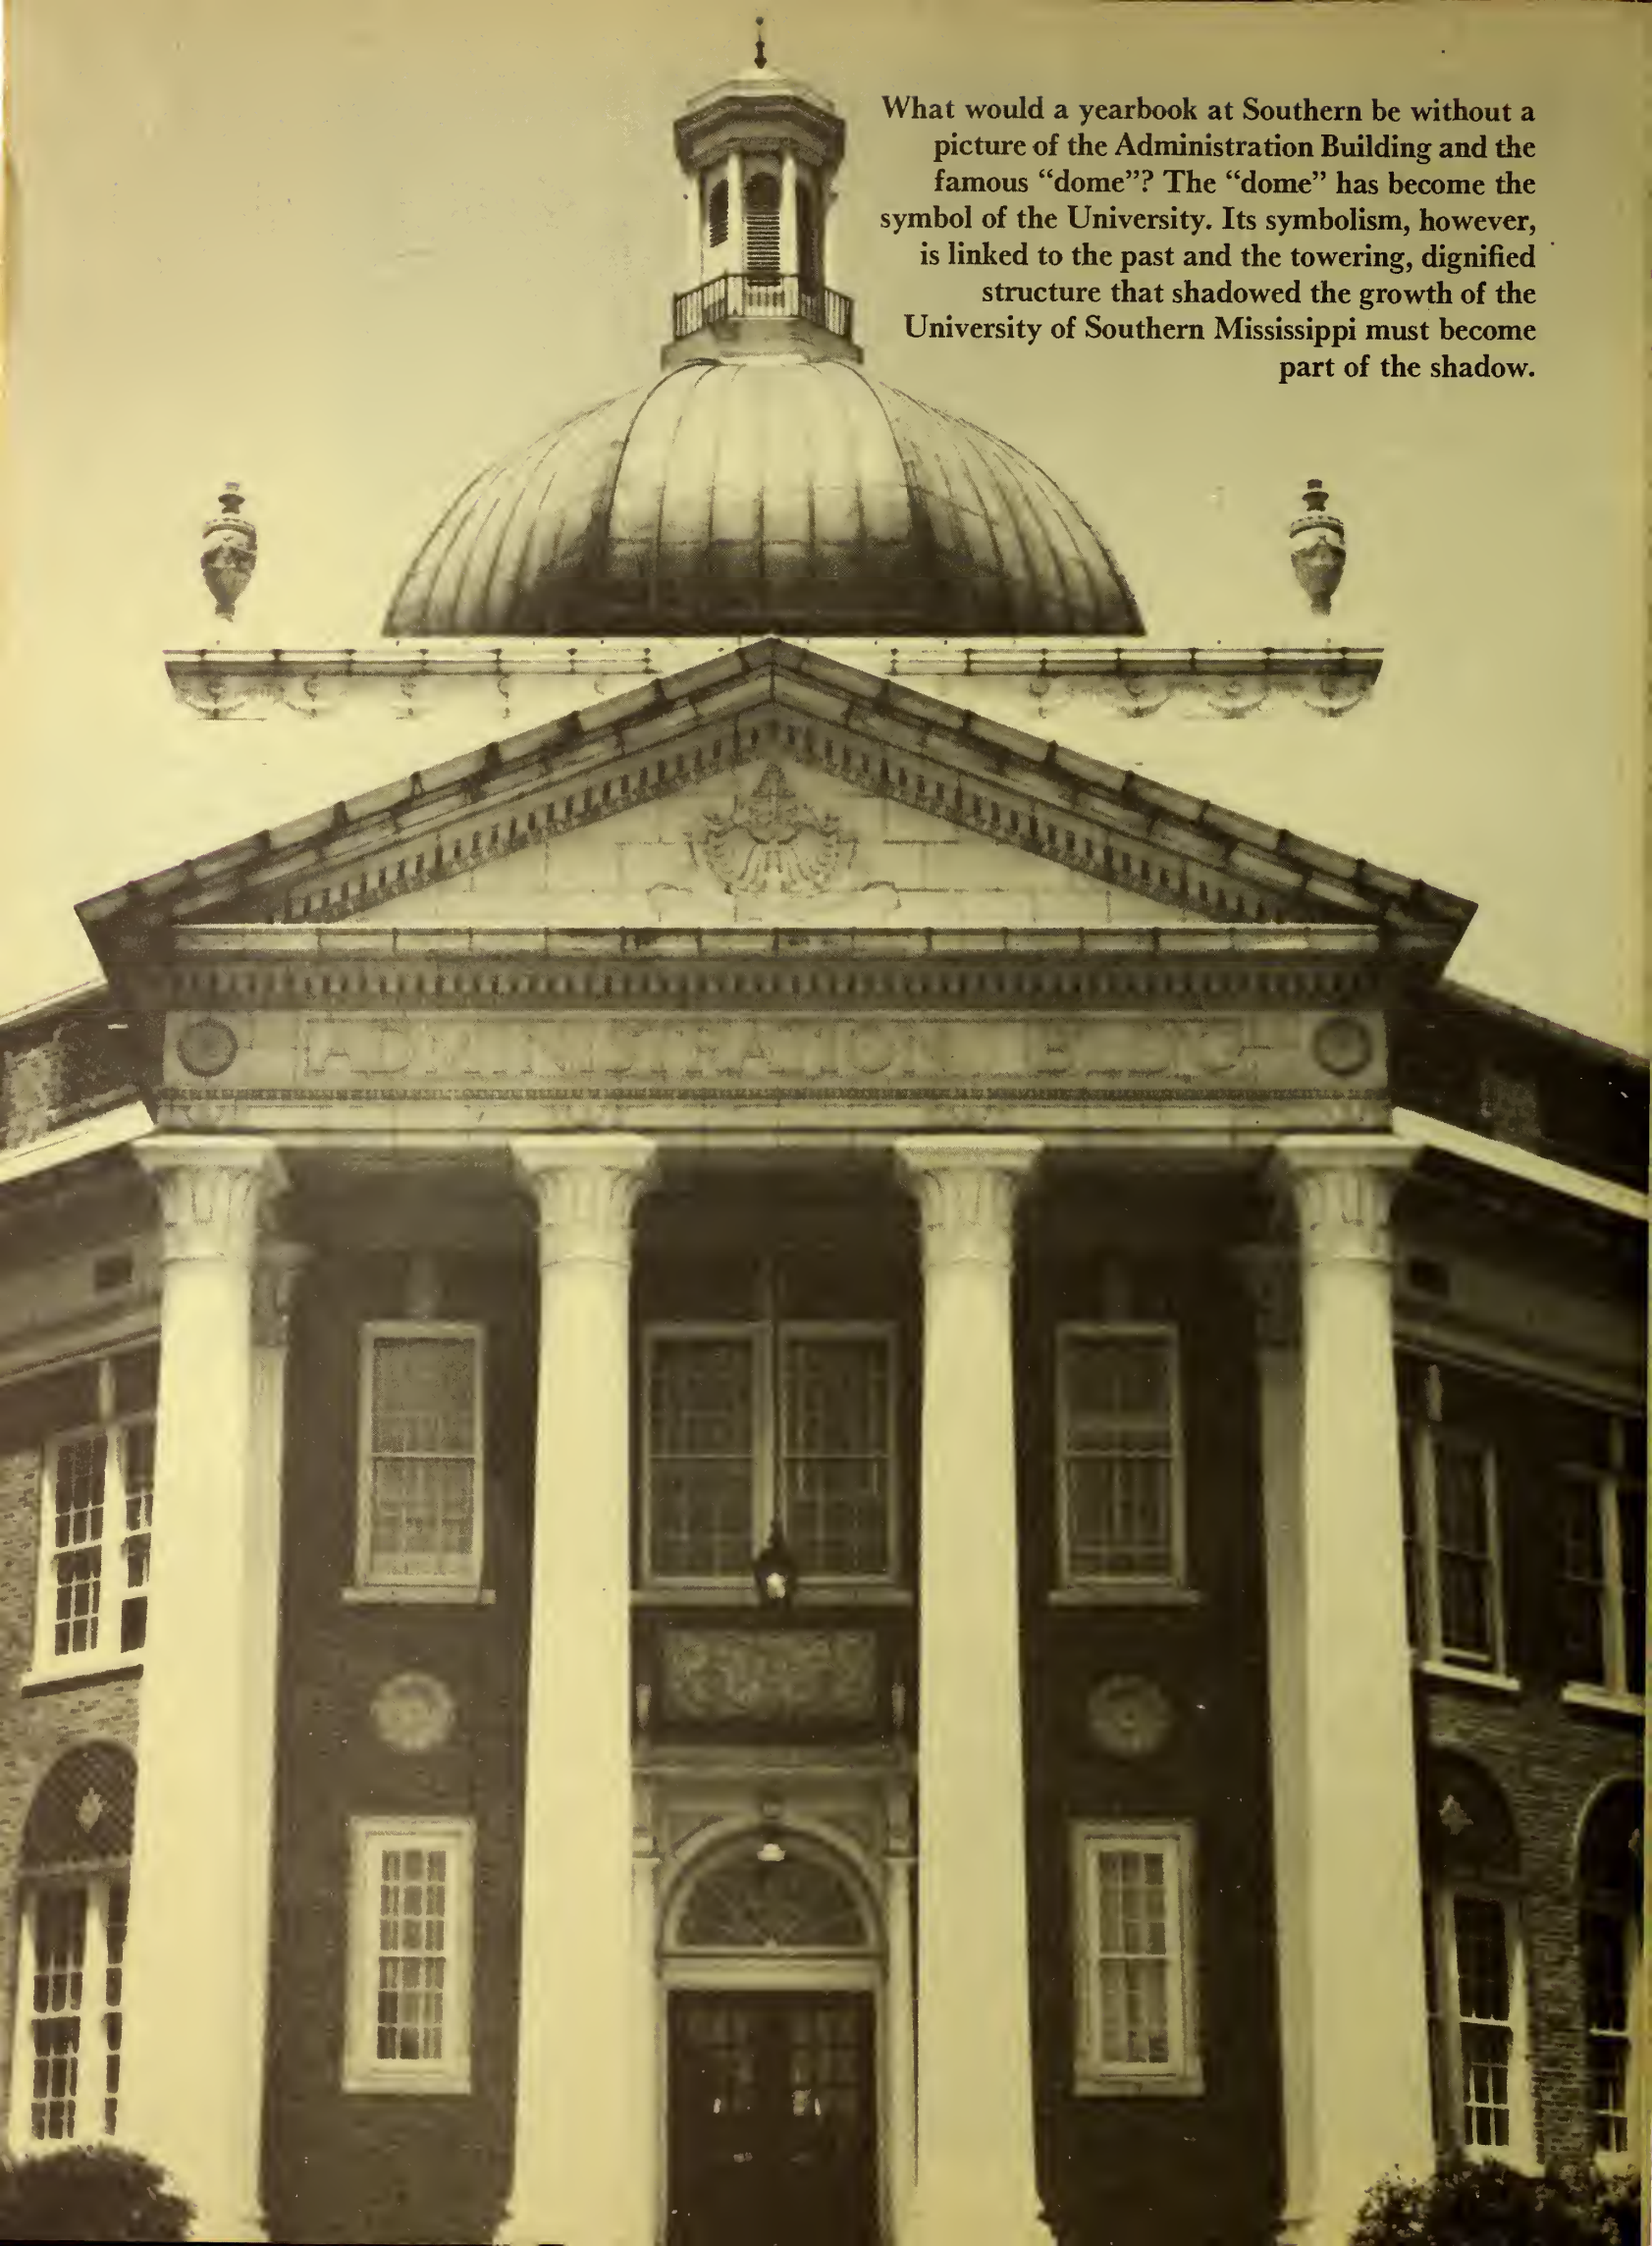

Did the students really change over the past decade? Styles and customs varied from year to year, but the activities pictured here could have easily come from another era in Southern's history. The real change cannot be depicted by mere photographs. Students seem to be a part of a repetitive history, doing the same things year after year, but there has been an undeniable change. Like the rest of the academic world, Southern saw a reversal in the attitude of its students—a movement from apathy to awareness.

What would a yearbook at Southern be without a picture of the Administration Building and the famous "dome"? The "dome" has become the symbol of the University. Its symbolism, however, is linked to the past and the towering, dignified structure that shadowed the growth of the University of Southern Mississippi must become part of the shadow.

New Southern

The modern science tower now under construction is exemplary of the rapid growth that Southern is still experiencing. It may never become a symbol as was the "dome," but it does represent the progressive atmosphere of the University. The University of Southern Mississippi has grown physically through buildings spanning years of architectural design. For Southern to continue to grow academically there must be a similar integration of youth and maturity.

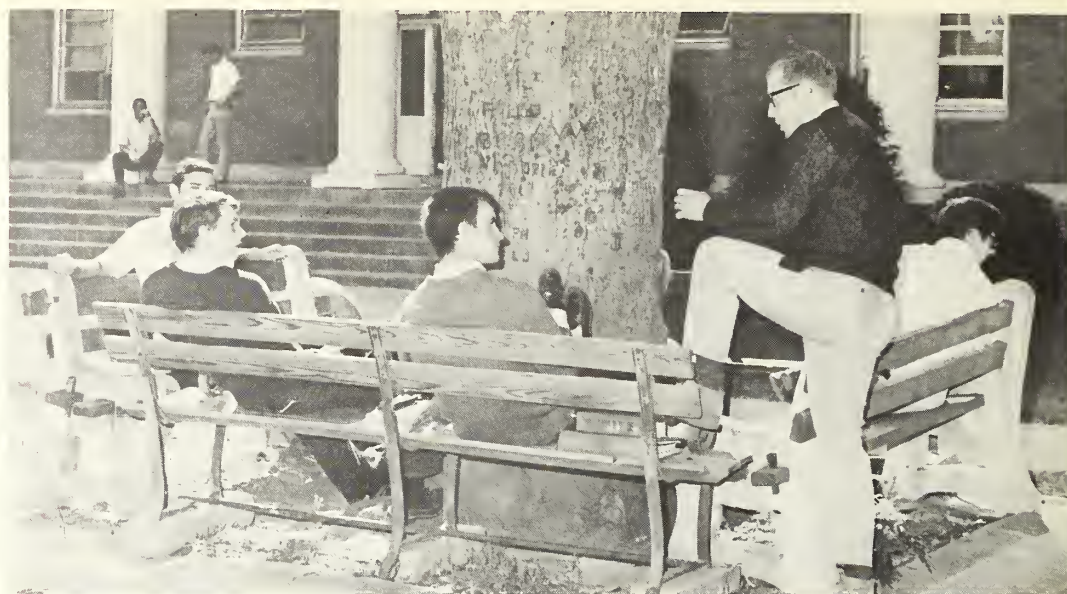

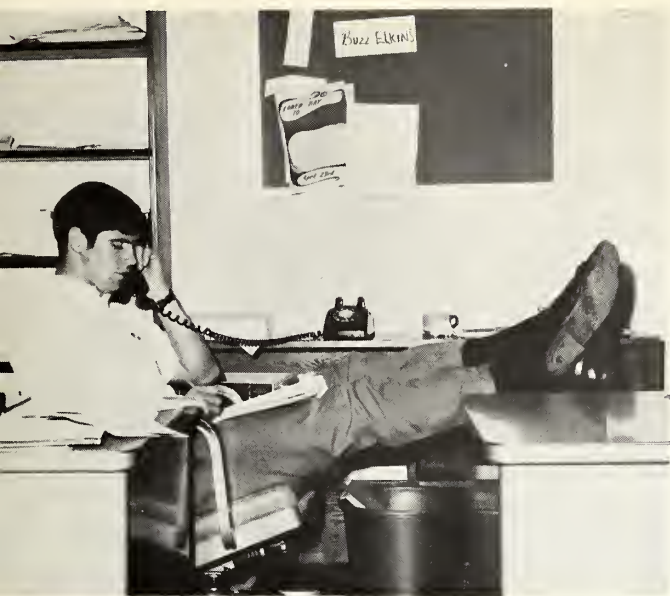

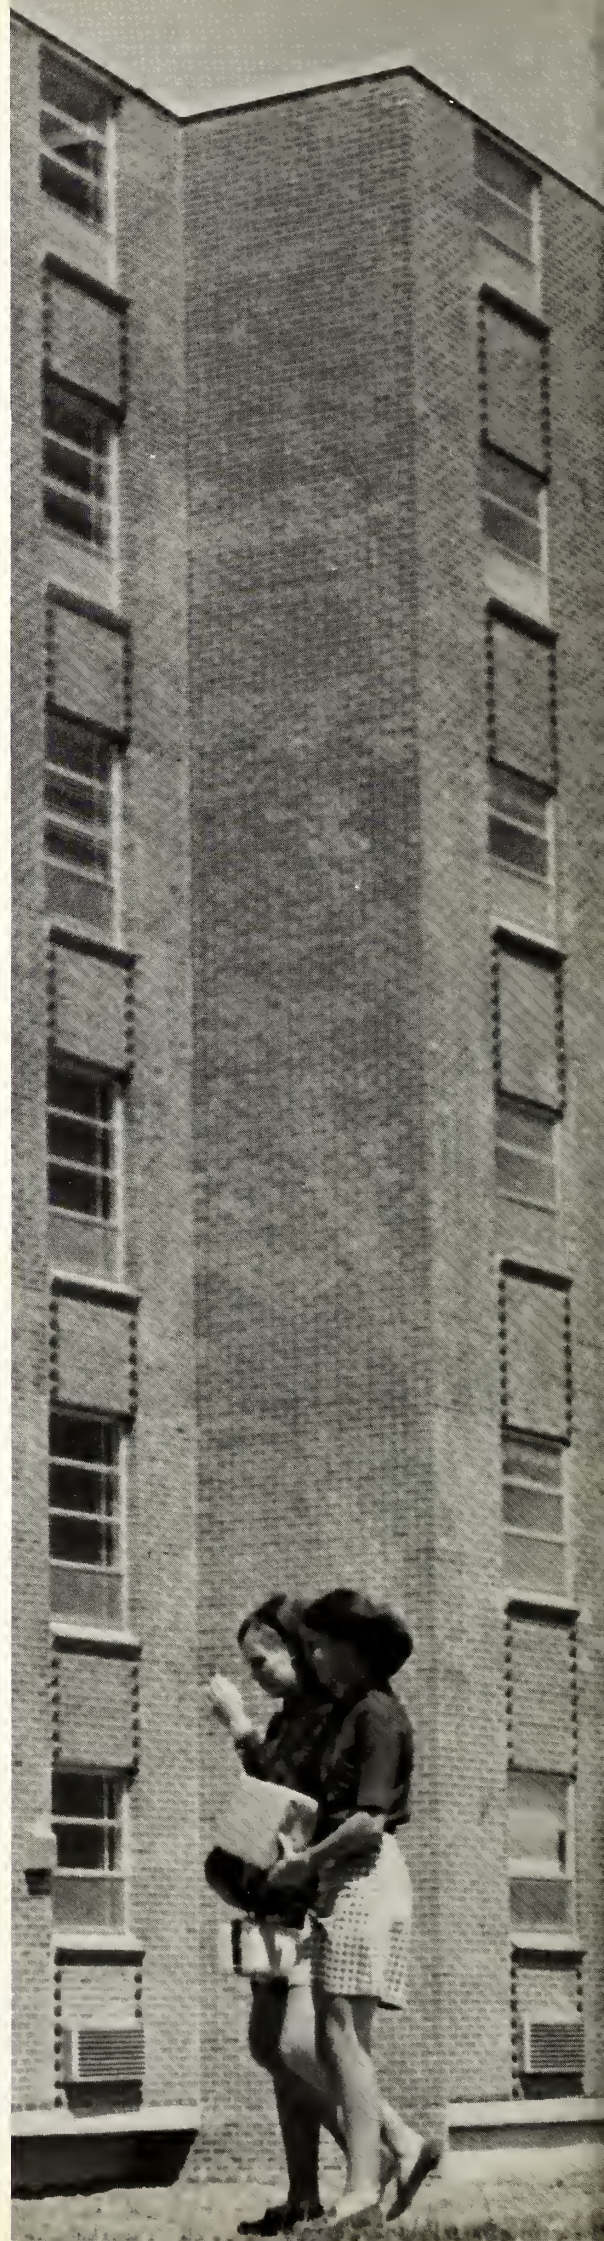

Communication has never been a problem for the students at Southern, but in the past the topics were usually lighter. Students still enjoyed a friendly

B-S session; however, conversations often strayed into race, politics, the war, and whose campus riot was in the news that week. The Hub became a verbal battle ground on Tuesdays and Thursdays

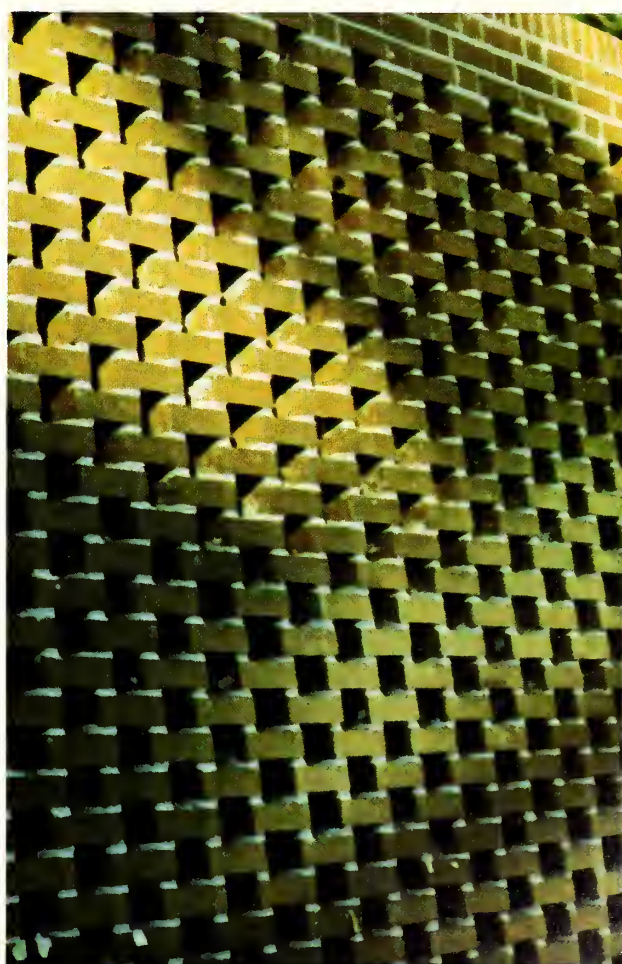

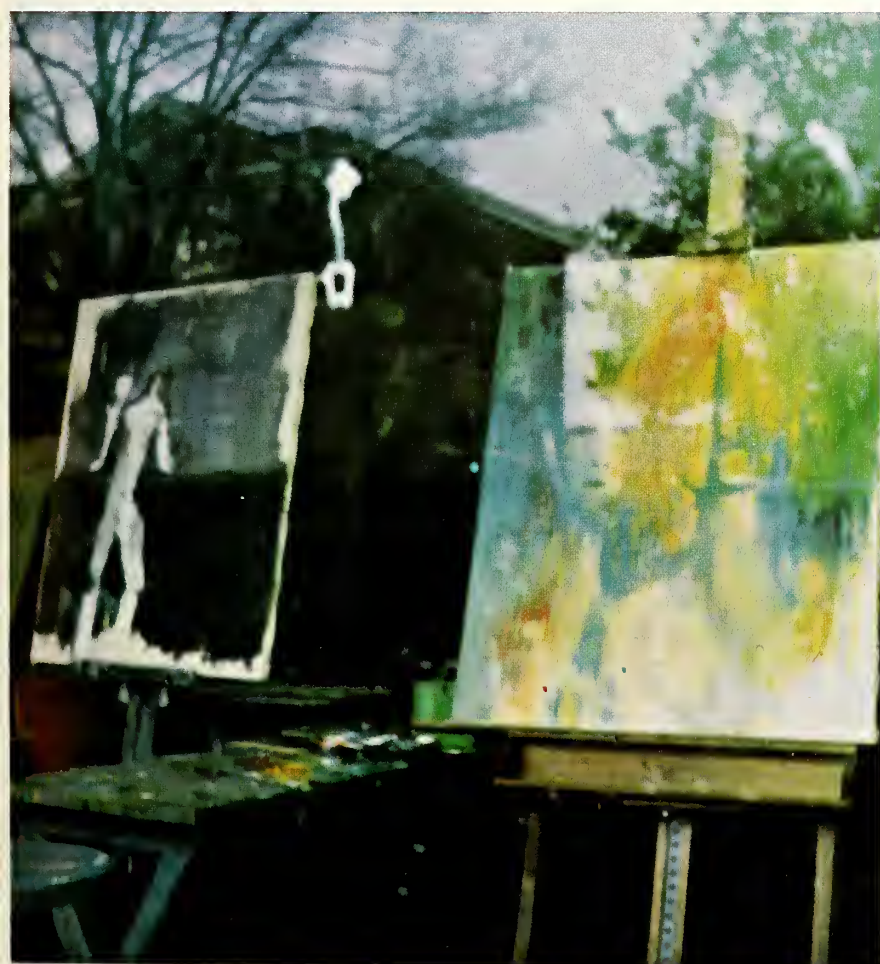

when the *Student Printz* hit the stands. Each student picked his champion from the *Printz* columns and defended their mutual viewpoint until the opposition yielded or left for class.

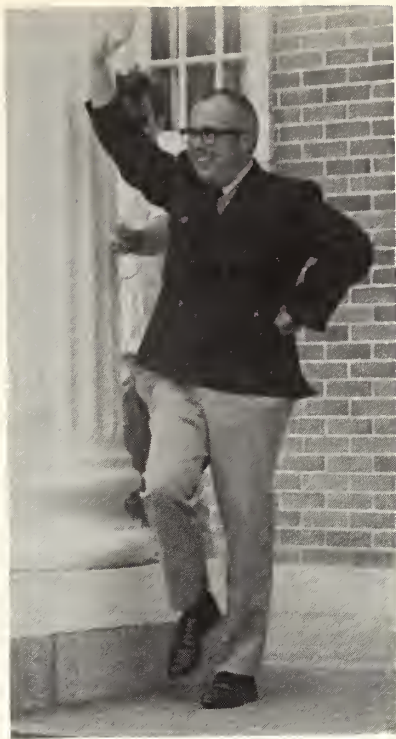

The usual daily activities went on without interruption as students repeated the routines their predecessors left them. Classes, with the same projects and term papers required, closely followed their schedules. Social events and concerts were received with the same enthusiasm as always. To an outsider time seemed to stand still at Southern.

Organizations and movements for those who wanted people to agree with their views sprang to prominence during the 1969-70 term (safety in numbers?). Nobody could really feel left out. Leftists and rightists, hips and hicks, blacks and whites, liberals and conservatives all found a place. Apathy was out, involvement was in. To find a random sample of students who could agree on anything was a rare discovery. From all this came three important points: students became aware of their differences; they confronted each other with them; and they gained a better understanding of why we *are* different.

Maybe it's the time of year
Or maybe it's the time of man
I don't know who I am
But life is for learning.

Joni Mitchell

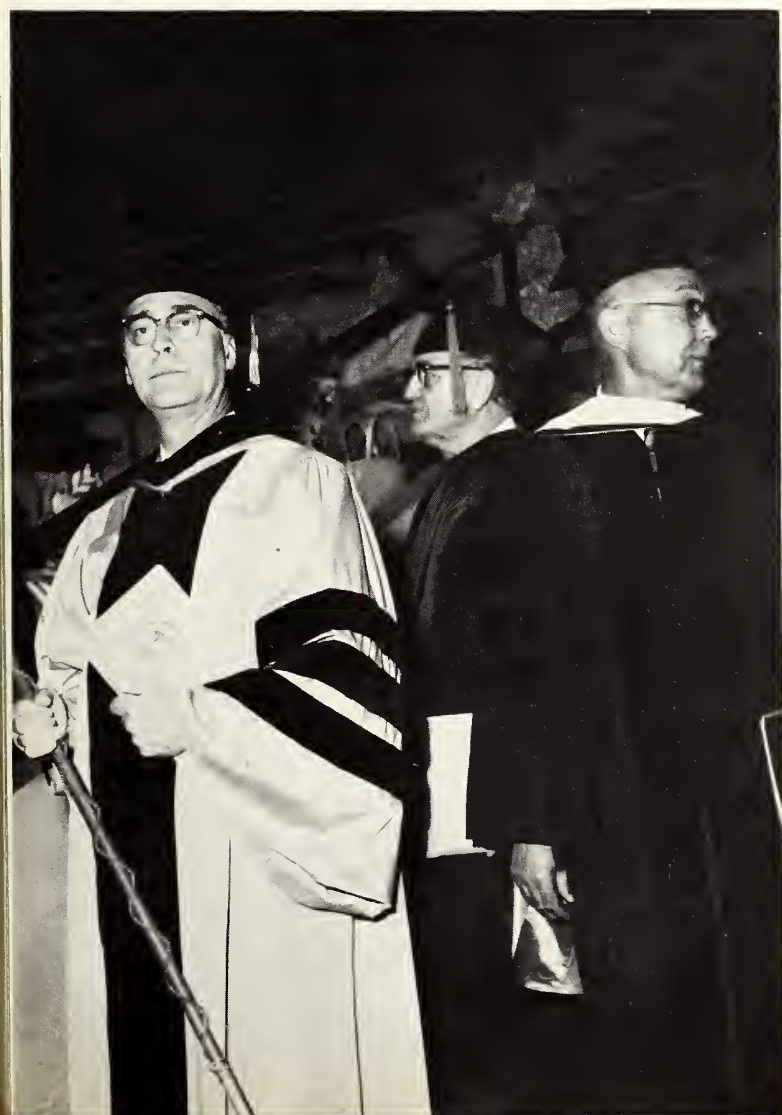

Big name entertainment, or the lack of it, was one of the usual campus gripes. Students felt that the school should have gotten more for the money. Blood, Sweat, and Tears; Johnny Mathis; and Steppenwolf, all in the five-figure salary range, met with as much criticism as approval. Sweet Fever and Belland and Somerville, two of the inexpensive acts, pleased more students. Still, the cries for the big names ring out and the unknowns we had this year will probably be replaced with more expensive crowd displeasers next year.

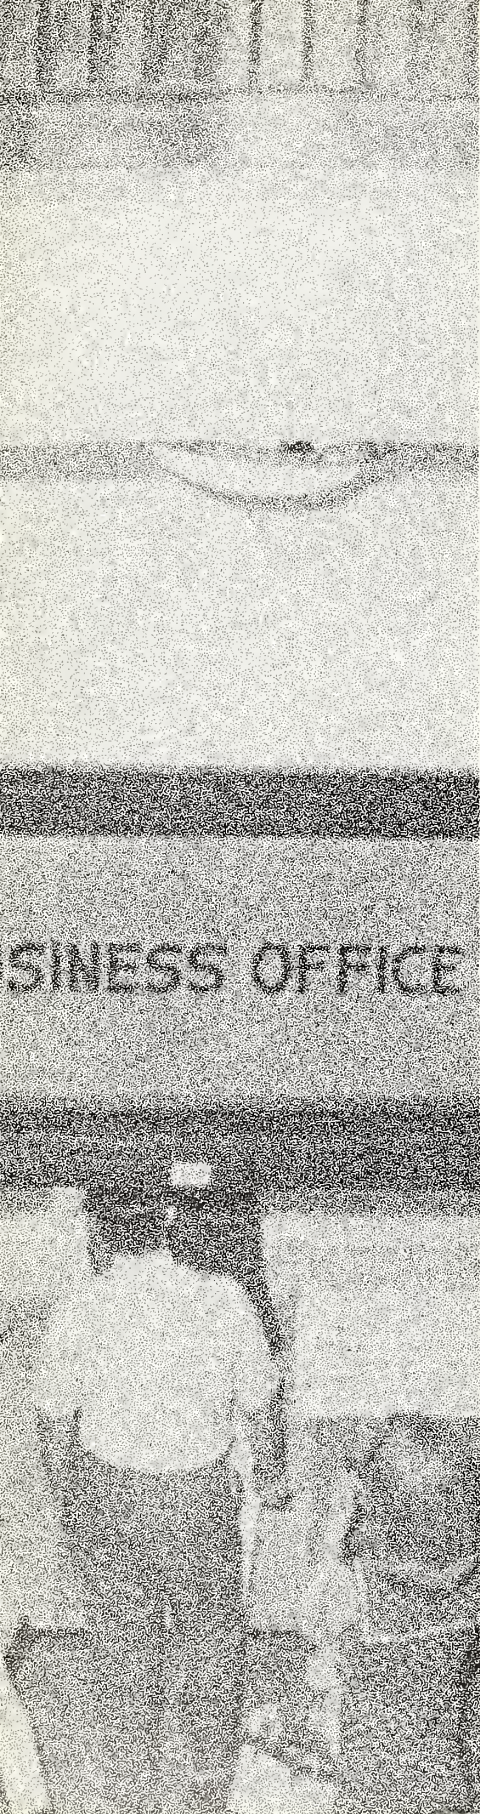

For some it was only another step in the educational process for others it was the end of a long struggle and the realization of a dream. Graduation, beginning with an elegant procession, was the longest hour of the years of waiting. The Honorable John C. Stennis told us there was no such thing as a generation gap, but then, he doesn't visit us very often. When the degrees were finally conferred, mortarboards filled the air. Free at last? No, but the walls are not as high.

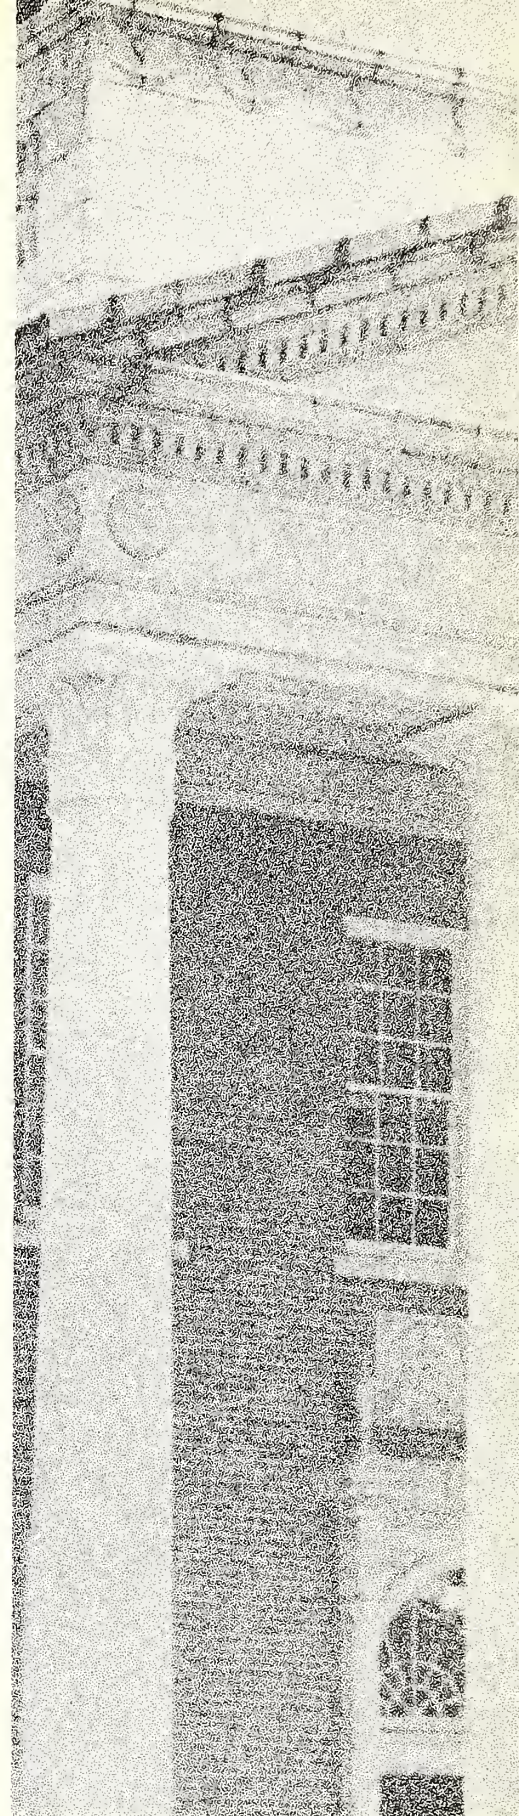

Can the University keep the pace of its ever changing student body? Can the students remain in an academic community that grows more impersonal as the University expands? These are questions whose answers the future holds. Our primary concern must be where do we stand now.

Administration

The Governor and Board of Trustees

Governor John Bell Williams

SEATED: Dr. R. C. Cook; T. N. Turner; W. M. Shoemaker; Henry H. Hederman; Dr. M. M. Roberts, President; Dr. E. Ray Izard, Vice President; Mrs. Nan M. Holmes; Boswell Stevens; W. O. Stone.

President W. D. McCain

President W. D. McCain managed to remain himself in an ever-changing environment. Serving in his fifteenth year as the head of the University, he found the 1969-70 term trying. In mediating the problems of faculty as well as students, he did a commendable job of keeping Southern "cool" in an era of academic disruption.

Carl L. Mc Quagge, Dean of the College of Education and Psychology

Offering diverse programs in education and psychology, the College of Education and Psychology is a major multipurpose professional college. The curricula of the programs encompass both the undergraduate and graduate levels. These programs include the preparation of teachers and administrators for public schools, colleges, and universities; the preparation of specialized personnel in selected areas for public service, for business, and for industry; and clinical and professional services to public school systems, to community agencies, and to the University. Educational and psychological research is still another program of this steadily expanding and important college.

School of Business Administration

The School of Business Administration is a professional school. Through its curricula and qualified professors it prepares the young men and women of Mississippi for leadership roles in business, industry, and government. At Southern the primary emphasis of the School is placed on the undergraduate, but an excellent graduate program at the master's level is offered as well. In addition, research on business and the local economy is promoted by the Bureau of Business Research, and the faculty assist the area by seminars and workshops for various business groups.

Joseph A. Greene, Jr., Dean of the School of Business Administration

FIRST ROW: Joseph A. Greene, Jr., Dean; Martin Stegenga; D. C. Williams; Louis K. Brandt; H. O. Jackson.
SECOND ROW: Henry A. Gottleber; Jerold Morgan; Kenneth R. Grubbs; Richard C. Vreeland.

School of Fine Arts

SEATED: David Foltz; Blaine Quarnstrom; Walter Lok.

STANDING: Gomer Pound, Assistant Dean; Raymond Mannoni, Dean; William T. Gower.

The School of Fine Arts at Southern is one of the most prestigious in the South. It enjoys this enviable reputation because of the achievements of its graduates. Of course, the high academic and artistic standards promoted by the artist-teacher faculty are responsible. Southern's School of Fine Arts has the largest faculty, with more of them holding doctoral degrees in their fields, than any other school in this area.

Raymond Mannoni, Dean of the School of Fine Arts

School of Home Economics

The curricula and courses in the School of Home Economics are planned to place major emphasis on improving family life. Students are prepared to assume responsibilities in areas related to the various aspects of living concerned with the environment of the individual, the family, and the community.

Sarah Weaver, Dean of the School of Home Economics

SEATED: Dr. Sarah L. Weaver, Dean; Mrs. Fern Hesson; Mrs. Lois Drain; Mrs. Altra Hamman; Dr. Jewel Golden; Miss Sue Humphries; Miss Jamie Dixon; Mrs. Barbara Turnipseed; Mrs. Edith Lancaster; Dr. Margaret McCarthy. *STANDING:* Mrs. Nancy Shaw; Mrs. Carol Jarvis; Miss Bonnie Daugherty; Mrs. Anita Blunt; Mrs. Linda Lloyd; Mrs. Lynette Tuggle; Miss Wanda King; Dr. Louella Milner; Dr. Mary Evelyn Faulkinberry; Mrs. Elsie B. Chichester; Mrs. Virginia Wilgus; Miss Fannie Owings.

School of Nursing

Miss Flora L. Bain; Mrs. Cora S. Balmat; Sister Mary James York; Mrs. Avis B. Rabin; Mrs. Lucy S. Bates; Mrs. Linda H. DuPuy.

The primary purpose of the School of Nursing is to prepare the student to become a professional nurse practitioner. The educational program requires substantial knowledge in liberal arts and humanities in the natural and behavioral sciences and in the theory and practice of nursing. The graduate has the foundations for professional nursing practice in a variety of health care settings and for the pursuit of graduate study in nursing.

Miss Flora L. Bain, Dean of the School of Nursing

Staff

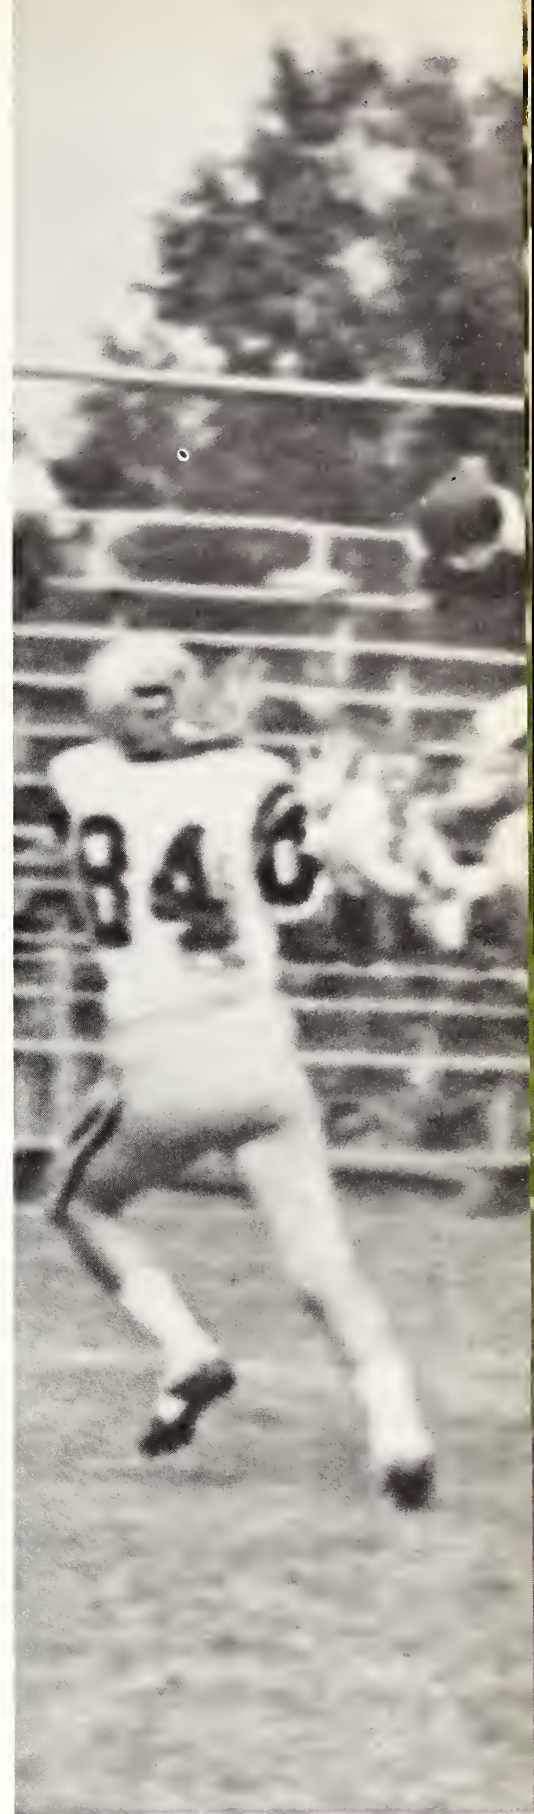

Betty Cooley, University Cashier; Gail Dickerson, Assistant Dean of Women; Willie Oubre, Director of Campus Security; Baker Farrell, Director of the University Commons; Walter Conn, Director of Student Aid; Berengher Brechtel, Assistant Dean of Men.

Bill Green, Director of Data Processing; Ken Smith, Chief Accountant; Cecil Klutts, Purchasing Agent; Danny Montgomery, Assistant Registrar; Jesse Gore, Manager of the University Bookstore; Dr. Thomas Martin, Director of Student Health Services.

Winning four of their last five games, two by one-point margins, the University of Southern Mississippi Southerners managed a break-even record for the 1969-70 season. After the bruising first half of the season left them crippled and at a low ebb, the Southerners totaled a 5-5 campaign for first-year head coach P. W. (Bear) Underwood.

A stubborn defensive unit that ignored numerous injuries, and a slender sophomore quarterback with a good crew of receivers sparked the fine comeback.

The defense managed to curtail the aerial assault of Louisiana Tech's Terry Bradshaw, Richmond's Butch Colson and West Texas State's Duane Thomas well enough for the offense to pull out victories.

Talented Ricky Donegan, a native of the local scene, became the second quarterback in USM history to pass for more than 1,000 yards in a season. Used only sparingly in the first two games (two of nine for 26 yards) and none in the third, he finished with 1,039 yards on 94 completions of 177 thrown. Amazingly he actually got over 1,000 yards in seven games.

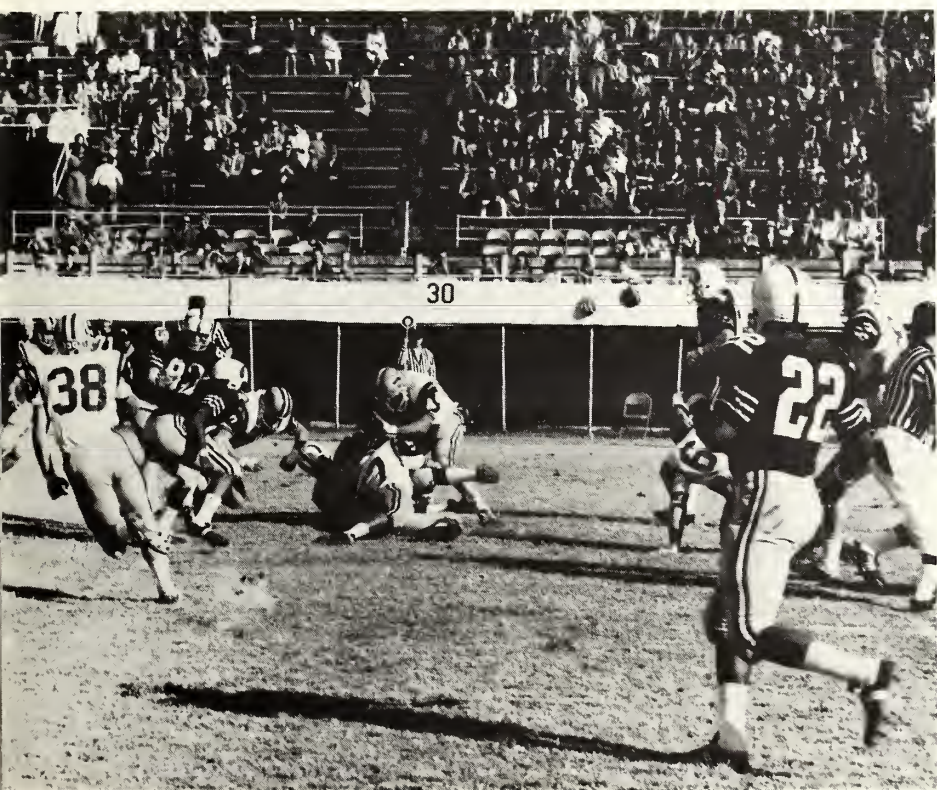

That Donegan tied one interception record and set another won't be forgotten by the determined 154-pound youngster. Louisiana Tech intercepted him four times to tie the single game mark and his total of 17 set a new standard. Southern's team total of 28 steals by the opposition also was a new mark.

While a total of 14 players caught at least one pass during the year, junior split end Billy Mikel stole the headlines. He tied a 20-year-old record with nine touchdown grabs and became the second leader in receptions for a season with his 47. Miraculous catches in the last two games got him the most "ink."

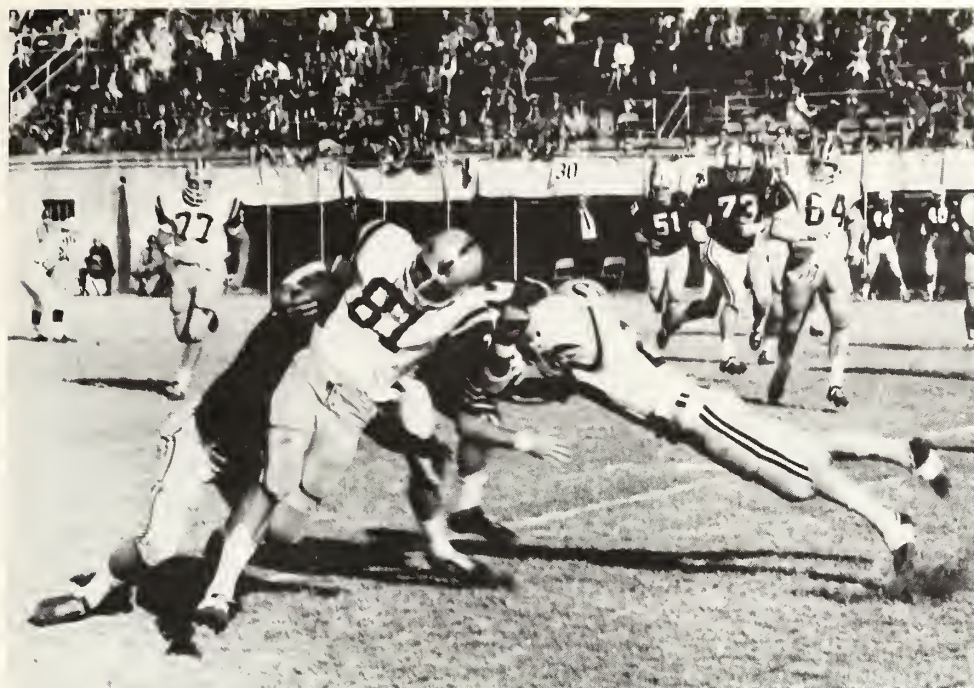

Mikel took a Donegan shot away from a defender and stepped into East Carolina's end zone for a score in the 14-7 win and, against West Texas State, stole one from two defenders in the end zone in the 10-9 victory. The latter catch came with just 34 seconds left in the game.

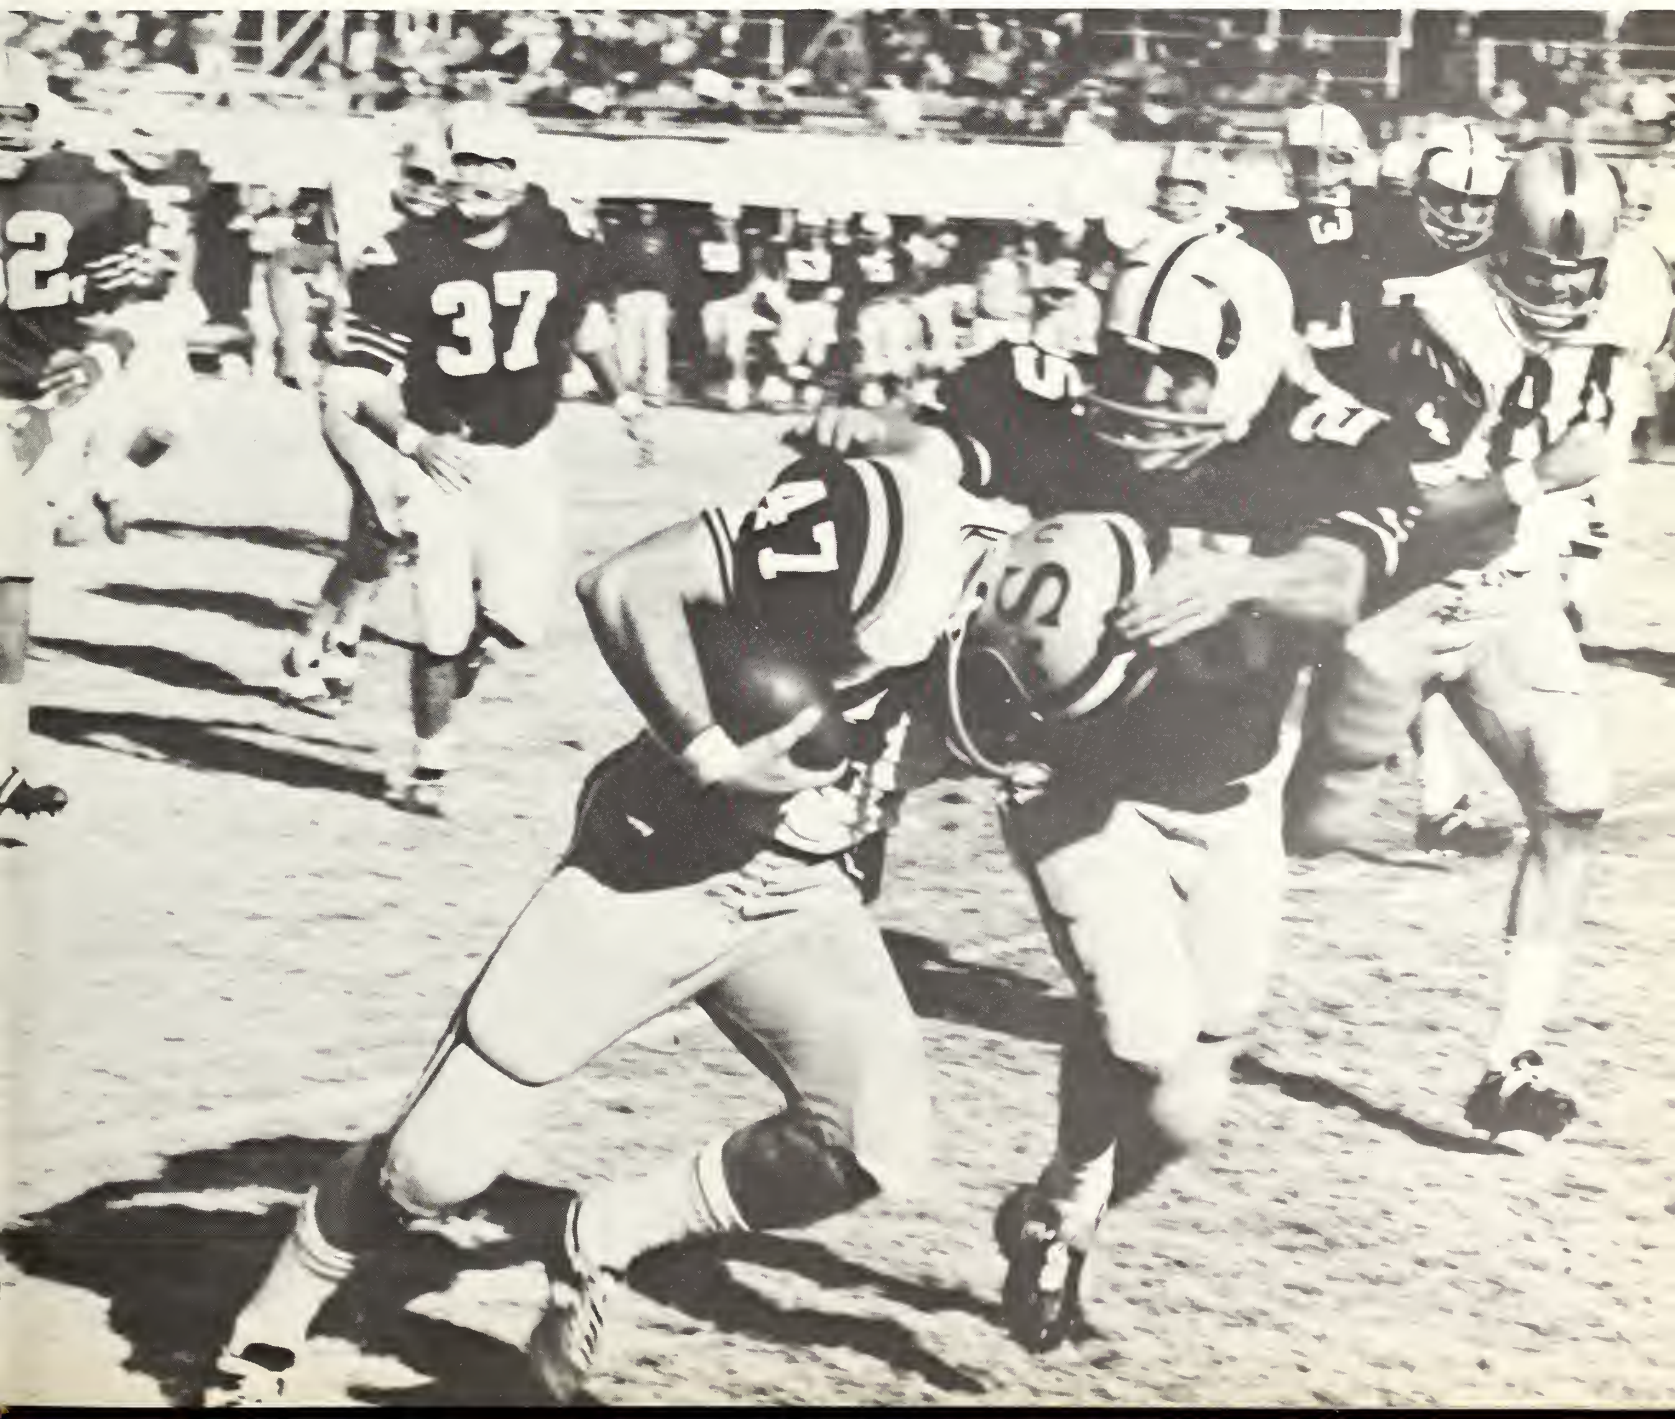

Tight end Lionel Fayard, also a junior, had 36 receptions. Other leaders included wingback Wayne Hatcher with 22 and tailback Larry Moulton with 18.

Moulton, a junior, led the team in rushing for the second straight year. A 105-yard effort in the finale pushed his total of 604 yards.

Another sophomore quarterback, 1968 red-shirt Danny Palmer, was off and winging toward a 1,000-plus yard passing total when injuries in the fifth game put him out of commission for most of the rest of the way.

Palmer's totals for the first four games showed 615 yards on 53 completions (out of 93). He threw only one incomplection the rest of the way. Defensively, names that should be mentioned include seniors Radell Key, Henry Quick, Rex Barnes, Mike Battles, Scott Chisholm, Steve Fore and Donnie Caughman.

Juniors deserving recognition are Terry Griffin, Mike Craft, Bill Davis, Craig Logan, Dickey Surace, and Doug Rose. Interior offensive forwards due recognition include seniors Bob Shepherd and Clinton Tompkins, juniors Joe Tuggle and David Price, and sophomores Jimmy Haynes, Charley Hayden and Jerry Wright.

Basketball

VARSITY BASKETBALL—KNEELING: Jim Morton, Wilbert Jordan, Tim Sumblin, Bobby Jones, Richard Corsetto, Johnny Vitrano, John Byrne. **STANDING:** Bill Hammack, Kent Davidson, Tom Yachinich, Kent Palma, Wendell Ladner, Ricky Ragland.

Head Coach, Lee Floyd

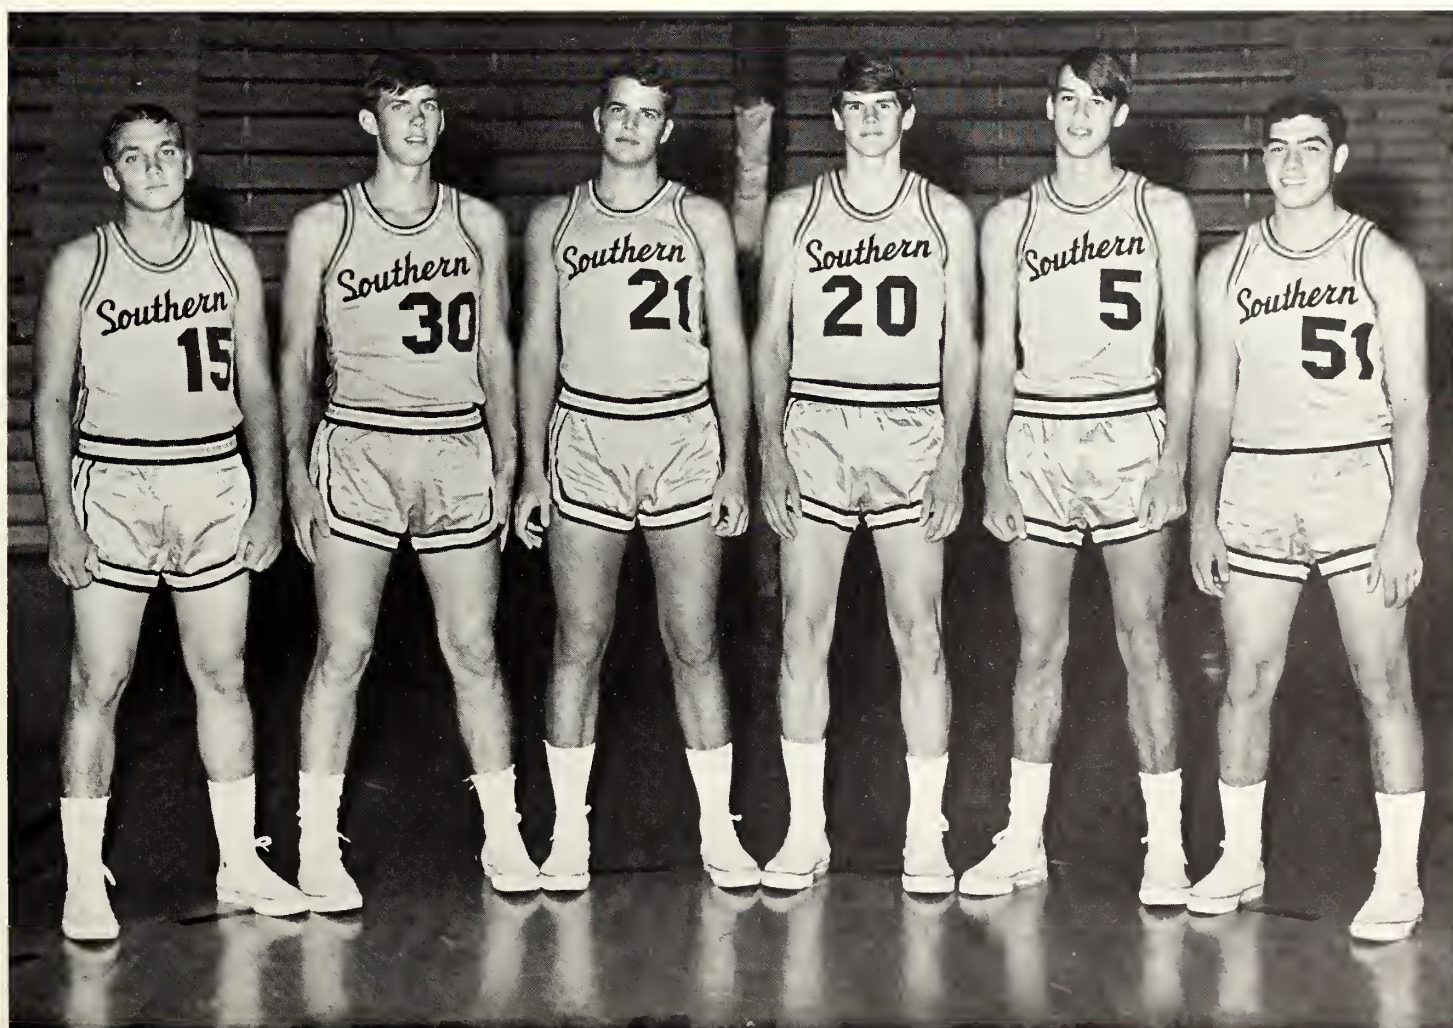

The basketball Southerners whipped through the first half of the 1969-70 campaign with a 10-3 record but managed only a 5-8 mark in the second half. However, they finished with

a 15-11 overall record, giving Coach Lee Floyd his 12th winning season in 13 campaigns.

Several records were set during the season.

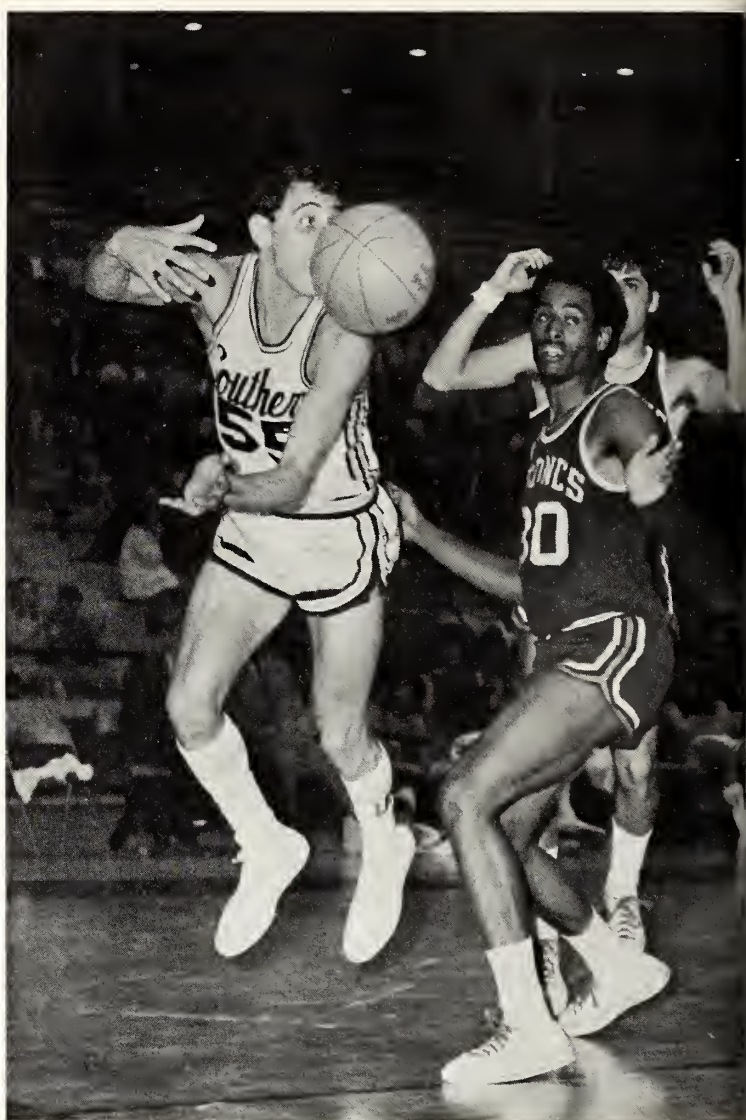

The team's 58.8 rebounding average is one new standard, and senior Wendell Ladner set a new one-game, one-season and career rebounding marks. He finished with 1,257 rebounds for three seasons, eclipsing Gary Hannan's old record of 1,191 (over a four-year span).

FRESHMAN BASKETBALL—Mike Patterson, Al Lahr, Tommy Edwards, Sid Tonner, Ricky Revon, Bobby Bowden.

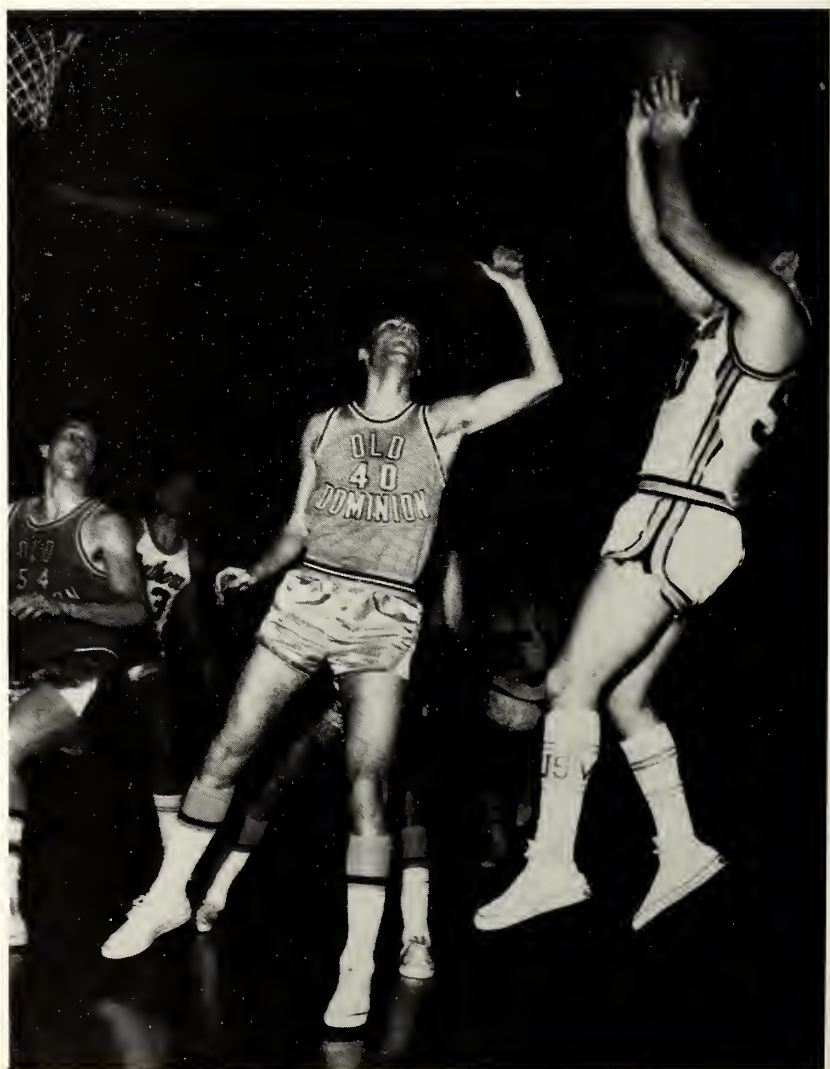

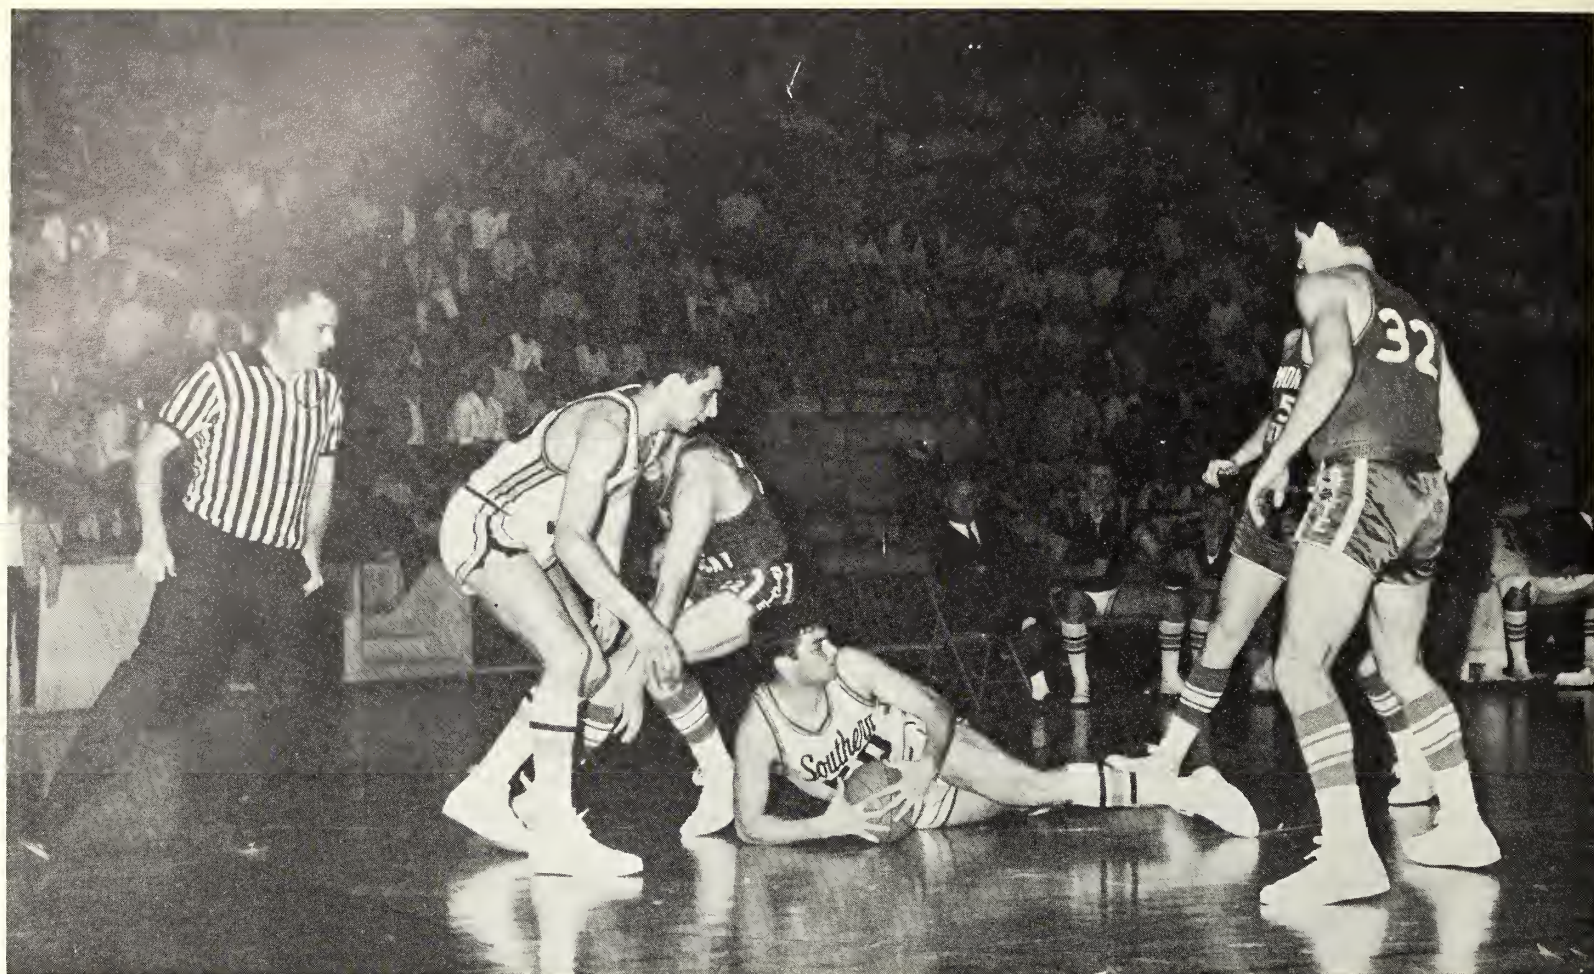

Ladner also broke his own high game mark of 30 twice during the year, getting 31 against Old Dominion College and then 32 against Pan American College. He pulled down 436 rebounds for the season, beating his old record of 411 last year. Ladner, who signed a professional contract with the New Orleans Bucs soon after the season, also became the leading three-year scorer in history as 467 points hiked his career total to 1,561. Only three players in the school's history, all of whom played four years, had higher totals.

Ladner, the six-foot-five senior from Necaie Crossing, Miss., led the team in rebounding and scoring in each of his three seasons.

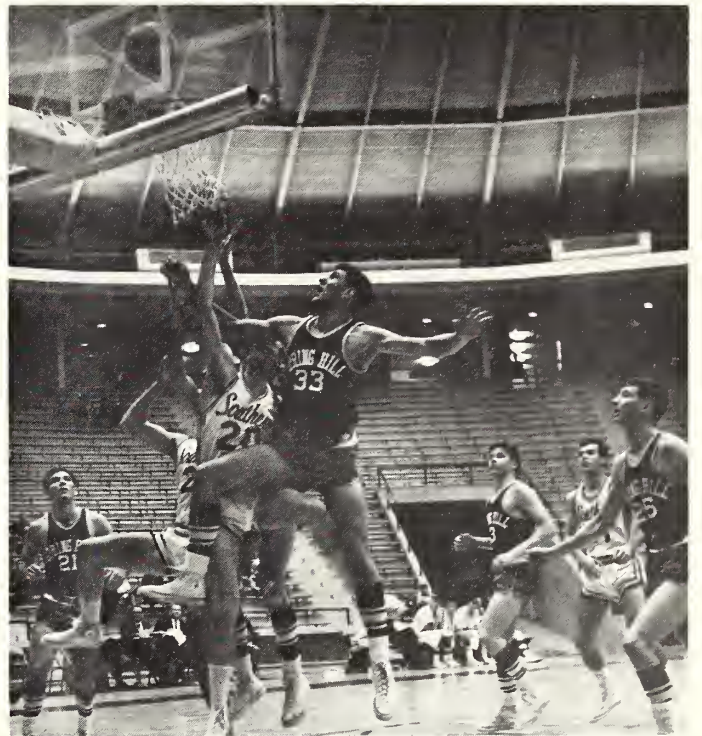

Another senior, Johnny Vitrano of New Orleans, La., also had a banner season. He finished second in scoring with 412 points and a 15.8 average, and led the team in shooting percentages—54.6 from the field and 75.3 from the foul line. He holds the all-time field goal percentage record with the 57.9 mark he posted as a sophomore.

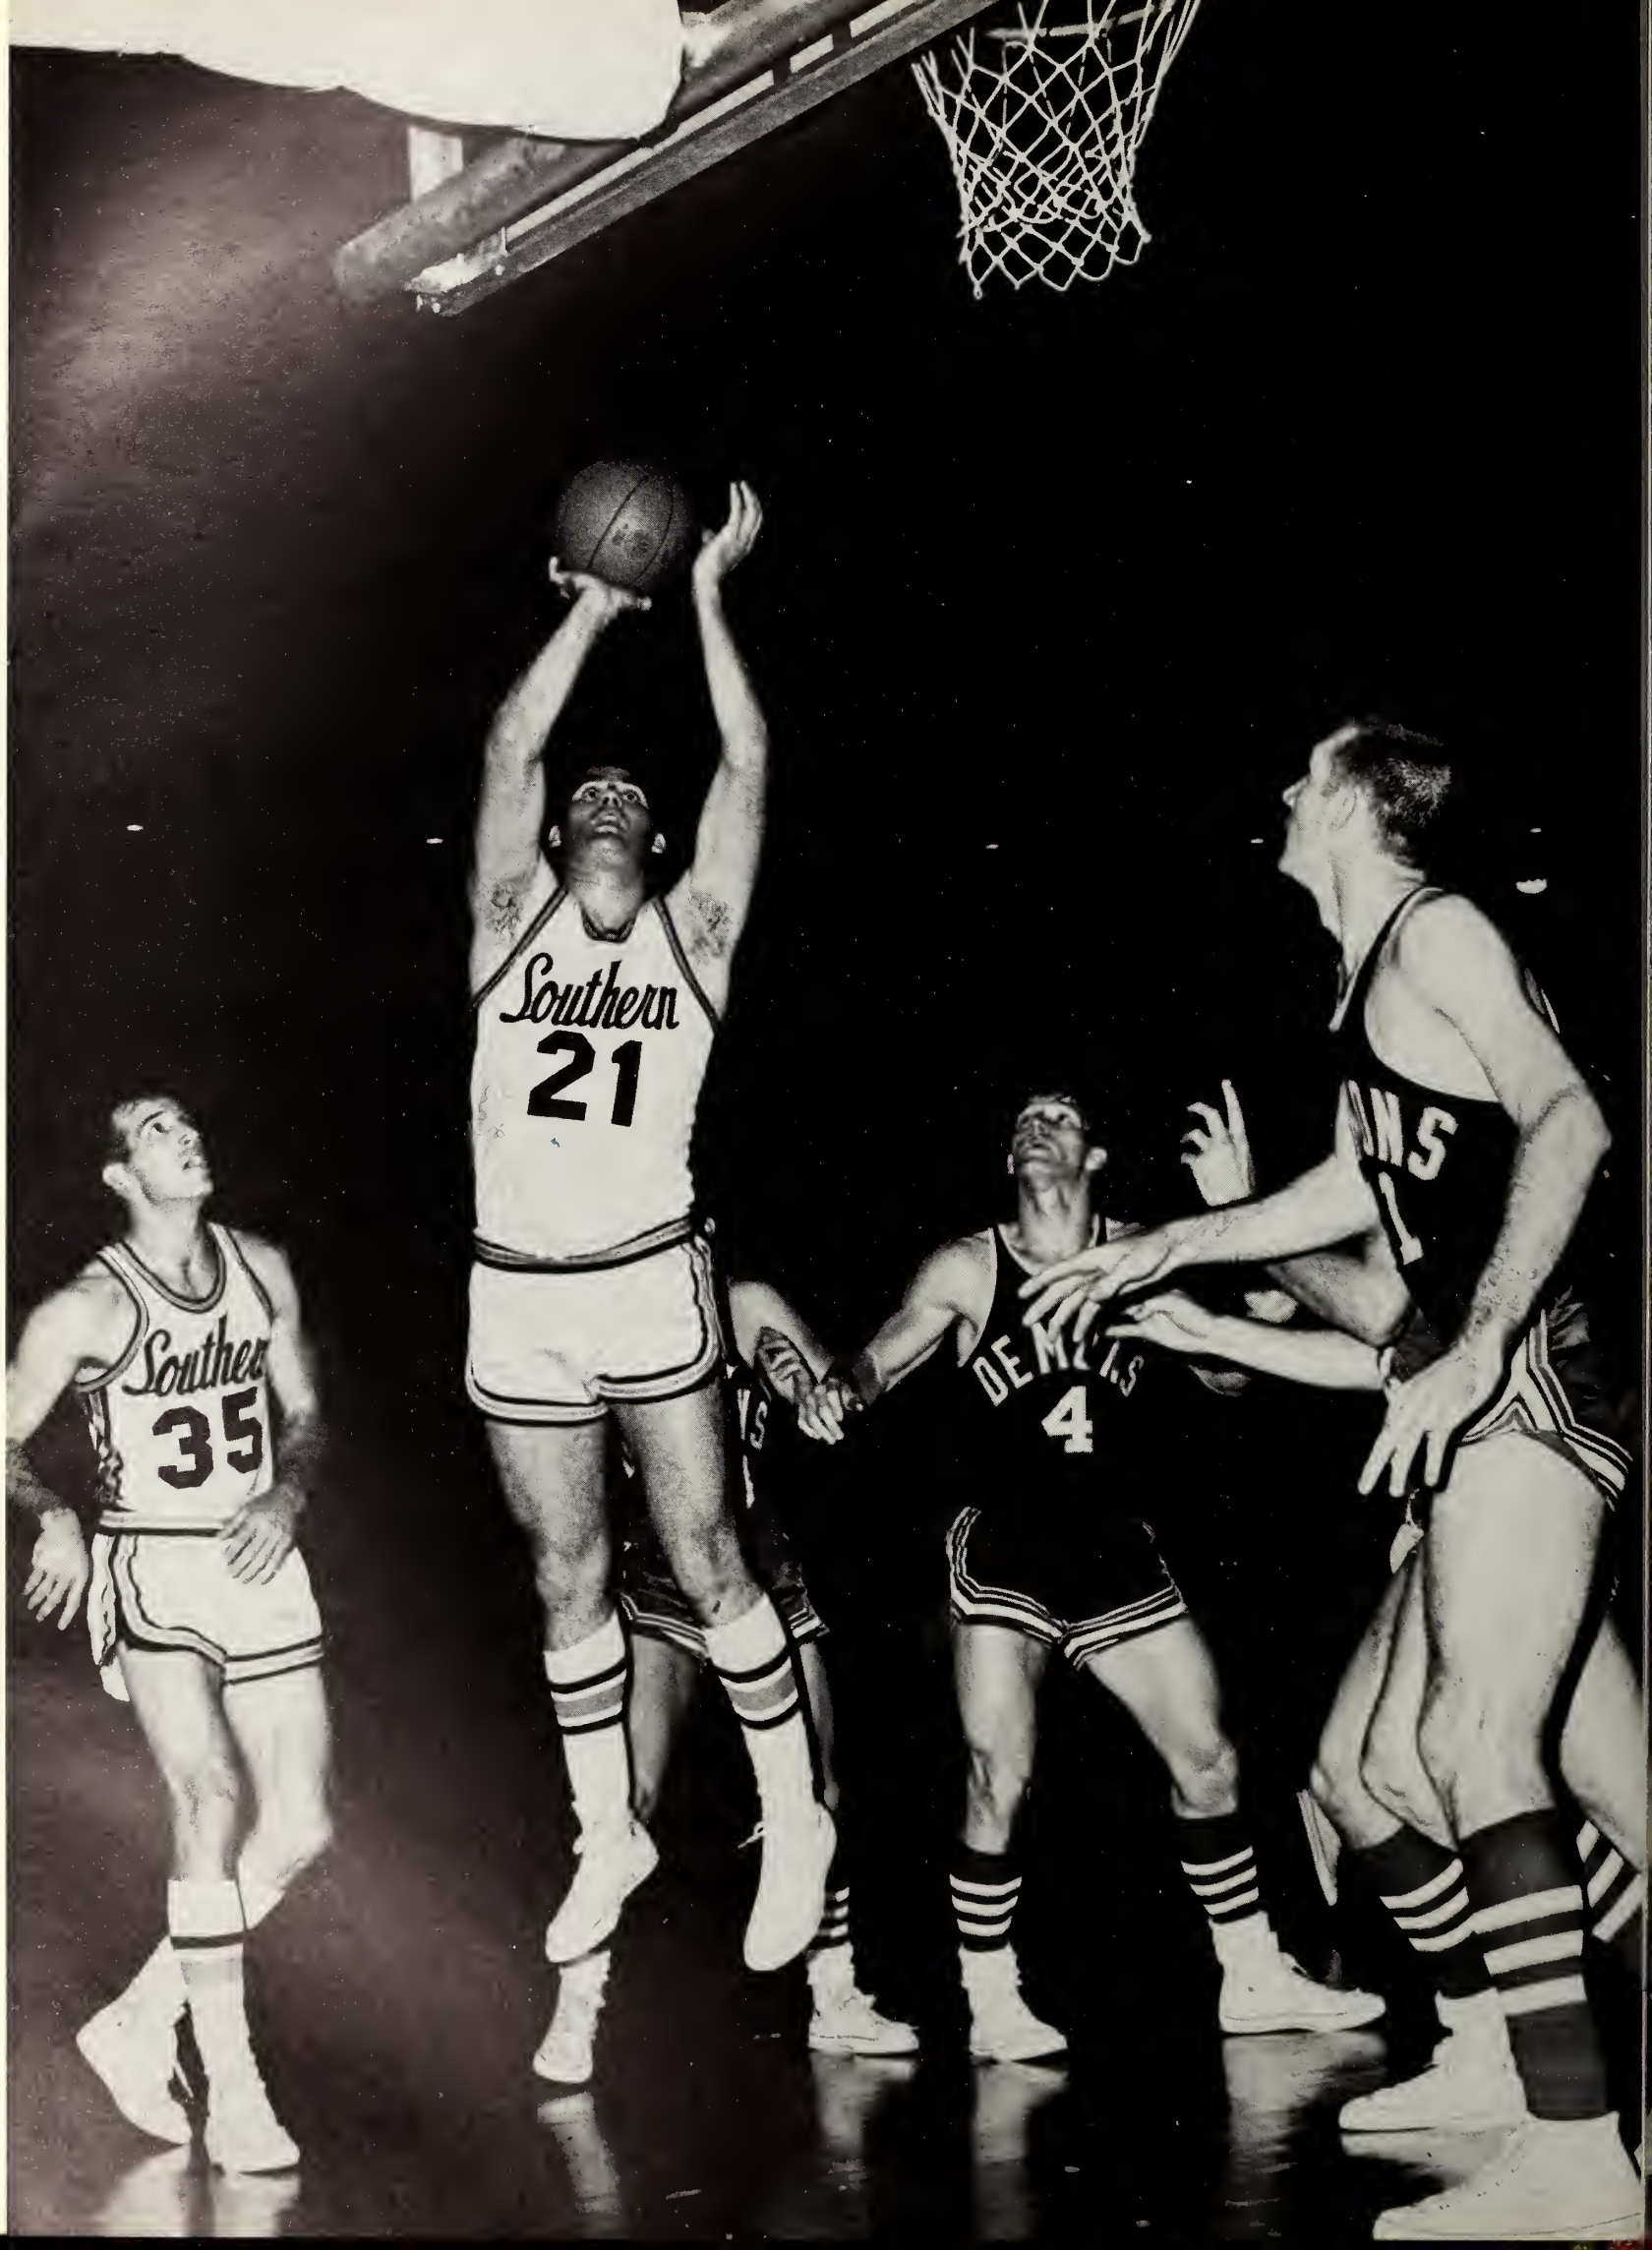

Juniors Rich Corsetto and Tom Yachinich also averaged in double figures at 14.0 and 10.5, respectively.

The lettermen for the 1969-70 season are Seniors: Wendell Ladner of Necaie Crossing, Miss., Johnny Vitrano of New Orleans, Jim Morton of Slidell, La.; Juniors: Rich Corsetto of Paterson, N. J., Tom Yachinich of Bradford, Pa., Ricky Ragland of Paducah, Ky., Dale Diethorn of Pittsburgh, Pa.

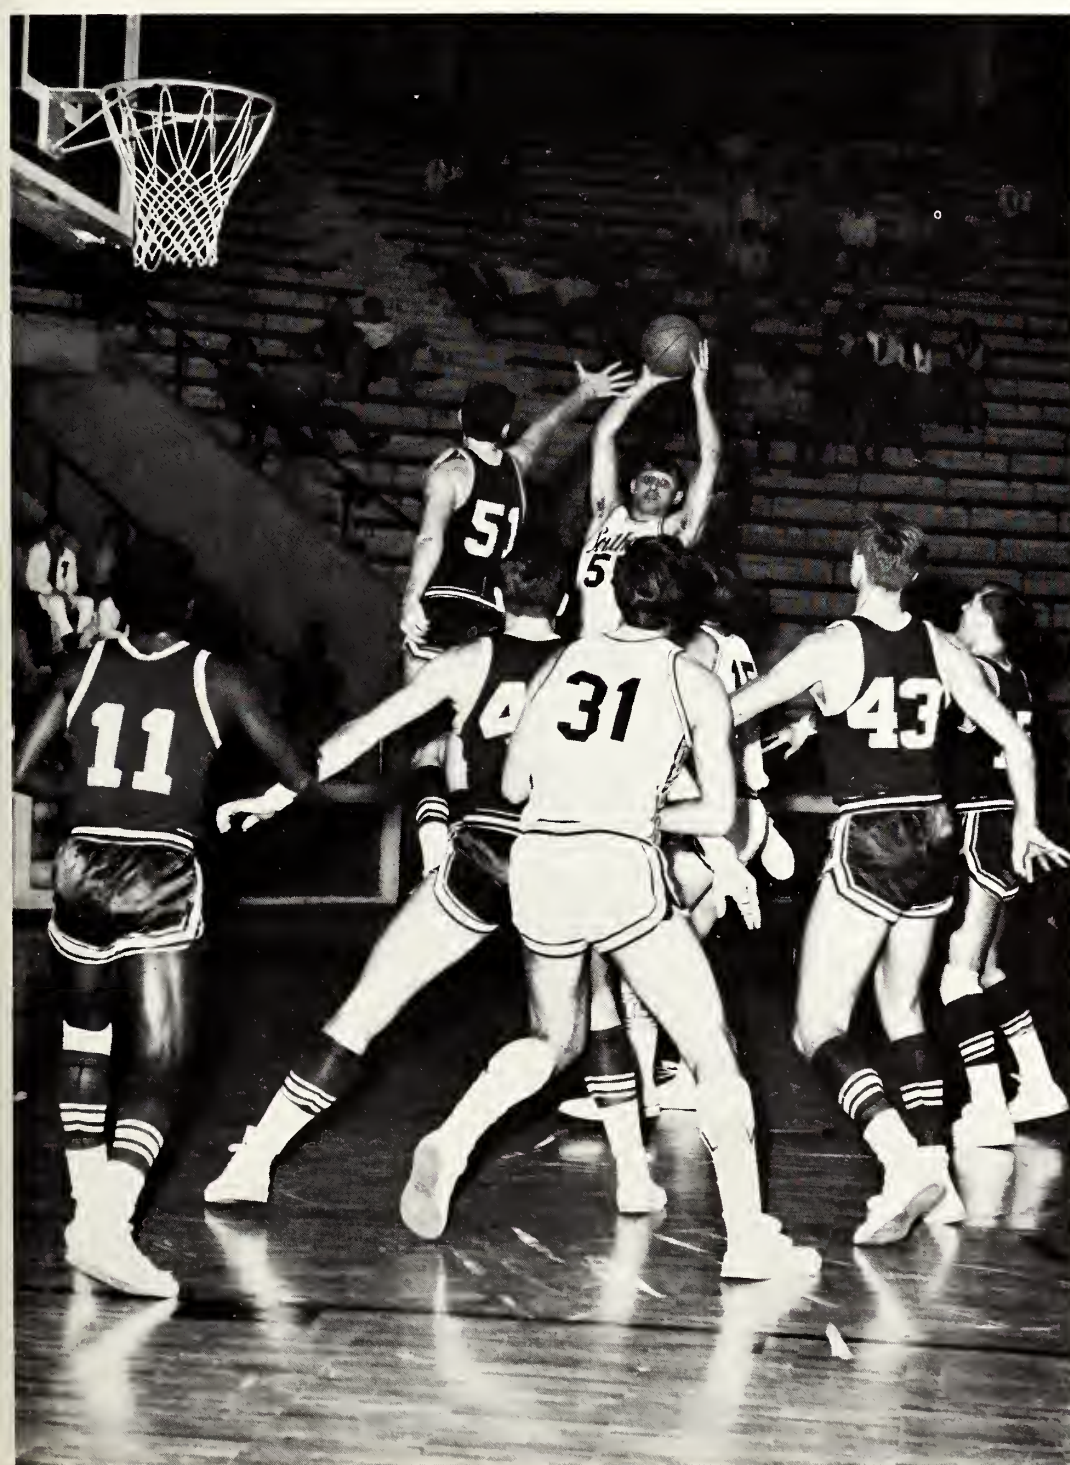

Sophomores earning letters were: Wilbert Jordan of Waynesboro, Miss., John Byrne of Wake Forest, N. C., Bobby Jones of Tuscaloosa, Ala., Kent Davidson of Silver Springs, Md. The 1969-70 team finished with a 7-19 record. Leading scorers were Bobby Bowden, Al Lahr, Sid Tonner and Rick Reven. Other freshman numeral winners are Mike Patterson, Hayden Lee, Prentiss Rutland and Tommy Tolar.

Southerners Played Well Against Strong Opposition

The Record Wasn't the Whole Story

Soccer

Over the past 4 years USM has played on an intercollegiate basis. The Internationals have defeated major college soccer teams from LSU, Ga. Tech, Rice, Tulane, Miss. State, and Ole Miss. The team has amassed a record of 33 wins, 9 losses, and 4 tied.

Tennis

Three seniors and three sophomores made up the team, with sophomore standout Bubba Shirley playing in the number one position in singles and teaming with senior David Jefcoats to form the number one doubles tandem. Both are from Laurel.

The singles order showed Shirley, senior Jim Bishop of Hattiesburg, Jefcoats, sophomore John Kramer of Quitman, sophomore John Bishop of Hattiesburg and senior Bill Abraham of Port Gibson.

Tennis

Coach Larry Herrington's 1970 tennis team finished with a 15-7 record and tied with Ole Miss for second place in the Mississippi Intercollegiate Tournament won by Mississippi State. The Southerners placed fourth in the Big Gold Invationals Tournament.

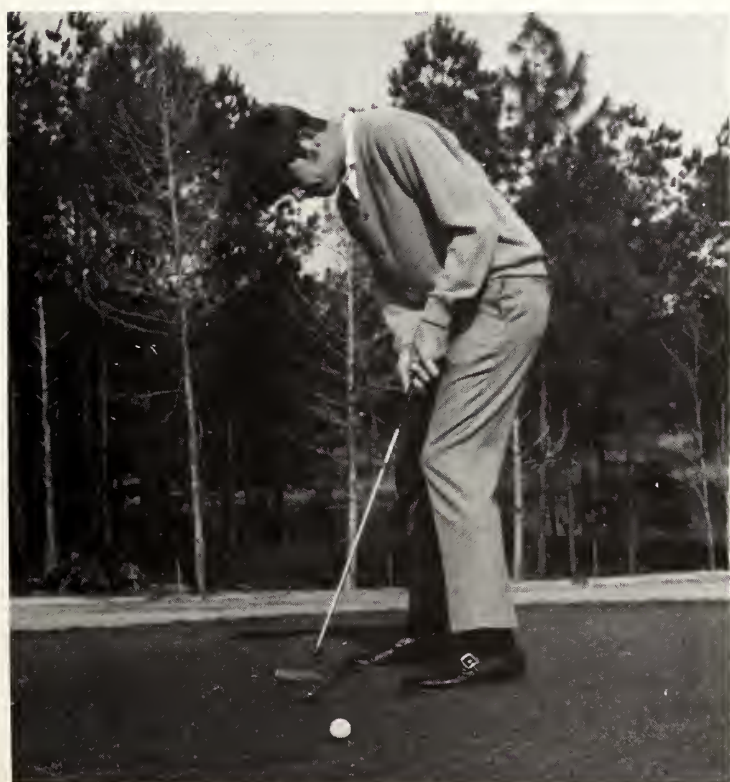

FRONT: Wade Whitten, Barry Gore, Don Bounds. *BACK:* Doug Taylor, Ken Welker, Guy Vanergriff, Tim Malinoski.

Golf

The 1970 golf season saw the Southerners compete mainly in tournaments . . . they played several fall dual matches, beating LSU of New Orleans and the University of South Alabama twice each. They finished second in a three-way match with LSU of New Orleans and Southeastern Louisiana (won by LSUNO). In a fall tournament, the LSU Invitational (Baton Rouge), they finished fourth.

Among 10 teams in the second annual Senior Bowl tournament at Mobile. In the regular season tournaments they finished 2nd among 17 in USM's annual B.O. Van Hook Invitational, 2nd among 11 teams in Spring Hill's annual Buckhaults Invitational at Mobile, 2nd to Miss. State in the Mississippi Intercollegiate Tournament at Jackson (other teams: Ole Miss, Delta State, Millsaps), 4th among 10 teams in the Centenary Invitational at Shreveport, and 7th among 89 teams in the Miami Invitational.

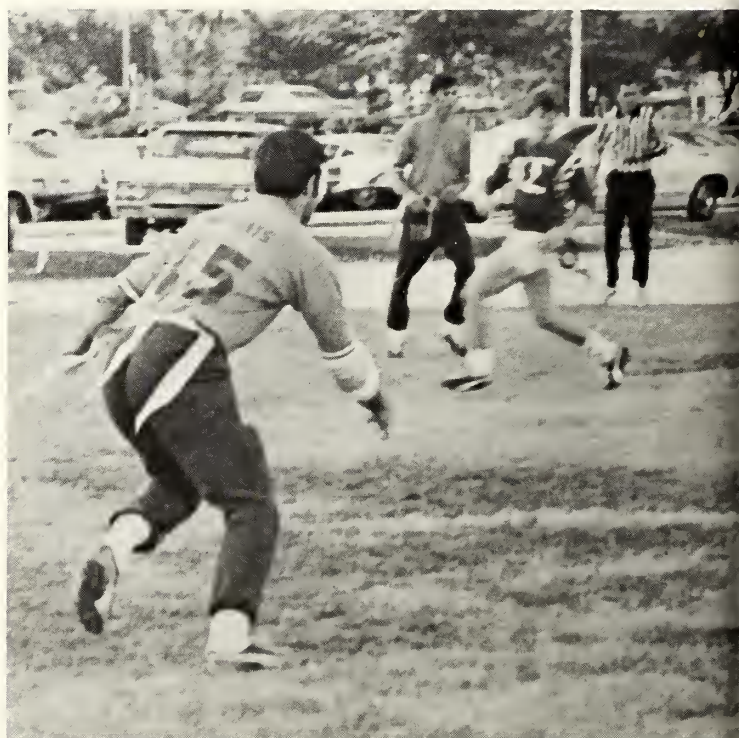

Intramurals

Bayrats—winners of overall intramural football trophy.

The 1969-70 year of men's intramurals at Southern provided much excitement for everyone involved. Kappa Sigma captured the overall school championship. The Bayrats, who finished third overall, ripped the Kappa Sigs 22-6 for the football championship. Sigma Alpha Epsilon, the second place finishers, won the top honors in golf, badminton, and tennis. The Kappa Sigs also won the trophy in volleyball in capturing their third straight intramural crown.

The Freshmen—overall intramural basketball champions.

The Freshmen, a team composed of freshmen football players, made a strong showing to defeat the Phi Taus for the overall school championship in basketball. In other intramural sports the Jokers defeated the Kappa Sigs for the softball title; the Sigma Nus won the intramural track meet; and the Bayrats took first place in the weightlifting competition.

The year 1969-70 was a most successful one for girls' intramurals. Basketball was won by the Bayrats; Pulley Hall won volleyball; badminton singles was won by Stella Wedgeworth who played for Pulley Hall. Representing Tri Sigma Sorority, Linda Sparks and Mary Jane Richmond took first place in badminton doubles. Jones Hall led the field in track while Pi Beta Phi captured first place in the swimming meet. Independents took the softball crown and Pulley Hall won tennis doubles.

Nancy Fox Batson won the tennis singles for Chi Omega Sorority. Stella Wedgeworth and Nancy Chappa tied for Most Outstanding Player. Chi Omega was the overall girls' intramural winner and Pi Beta Phi won the annual sportsmanship trophy.

Linda Sparks and Mary Jane Richmond—badminton doubles winners.

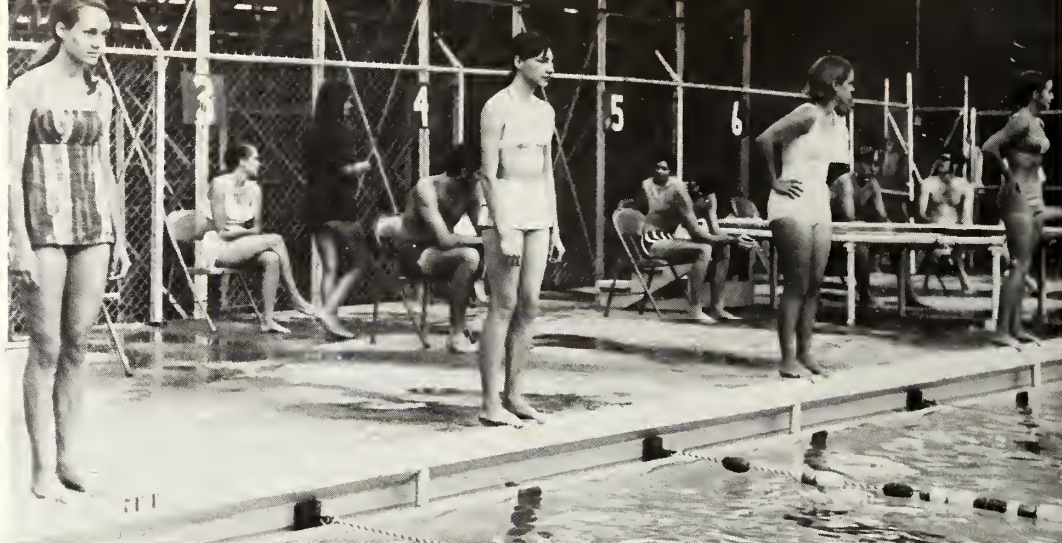

Bayrats—girls' intramural basketball champions.

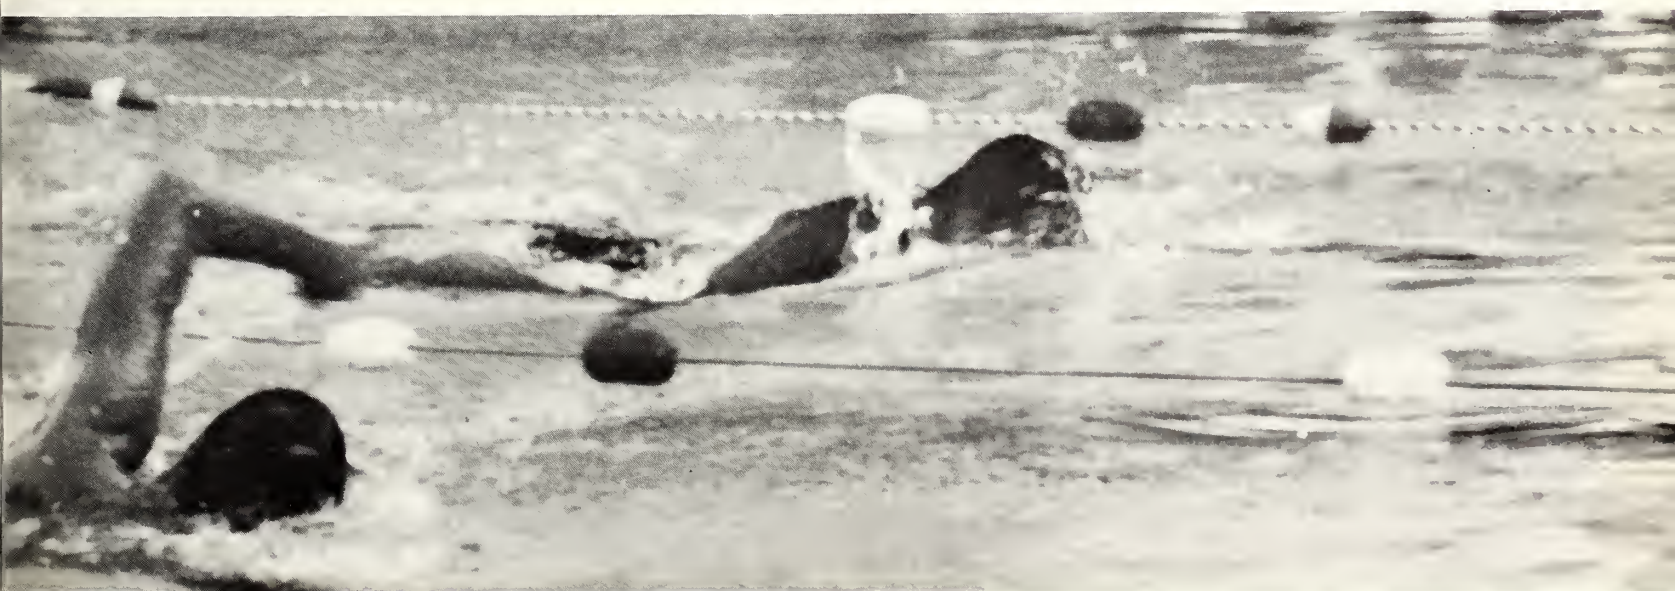

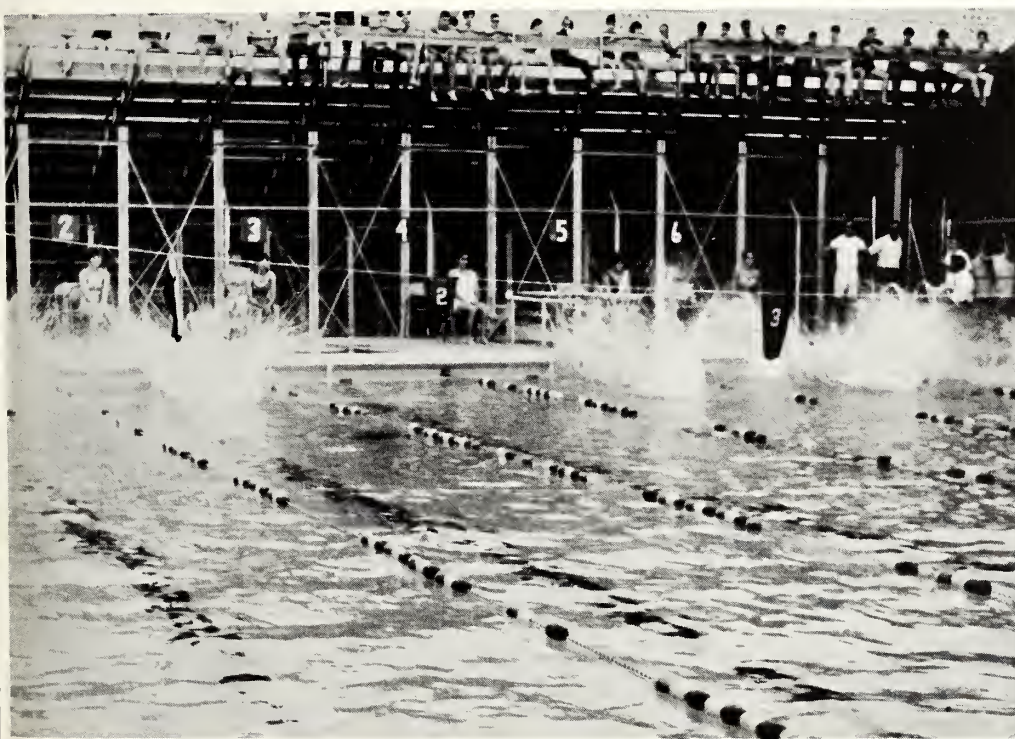

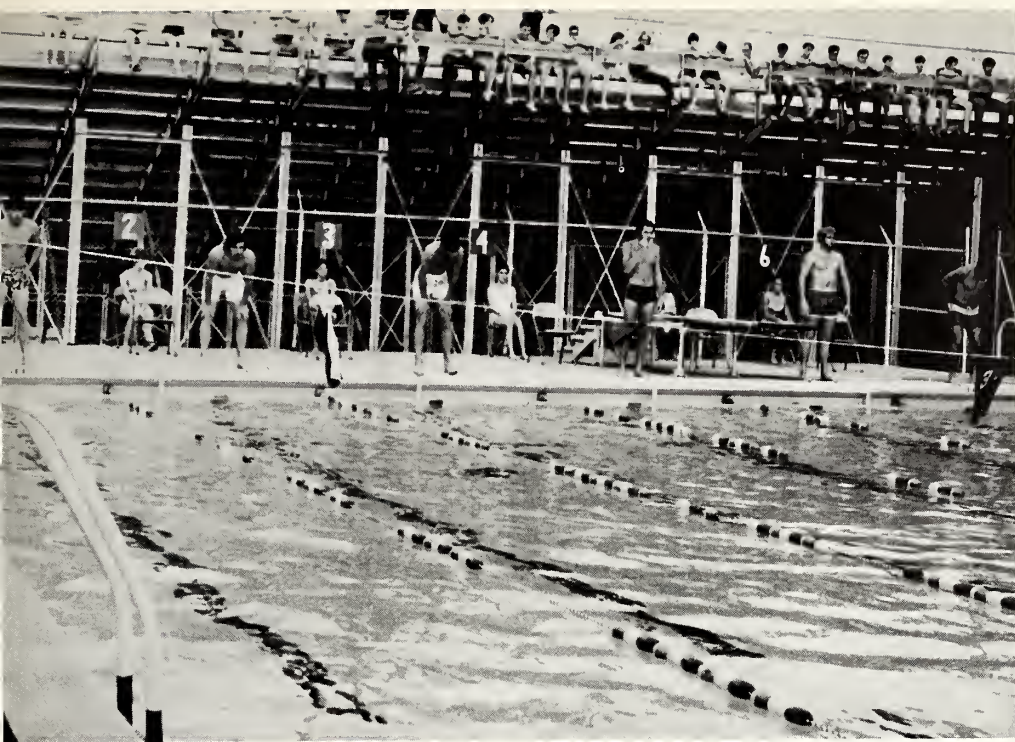

Pulley Hall—girl's intramural volleyball champions.

The last event in the long list of intramural competitions was the swimming meet. It was here that the overall school championships were finally decided. The Wrappers, who were not in contention for the overall trophy, won the meet and the Kappa Sigs' second place finish assured their victory. In the girls' division the Pi Beta Phis took top honors, but could not catch the Chi O's in the overall race. After the meet the final standings were announced and the trophies were presented.

Pride

Two things have come to be expected of the Pride of Mississippi: hard-rolling band trips and the most hellacious halftime shows in the South. Day after day of grueling practice is rewarded as the mass of spectators rise to cheer the *best*. Precision marching, a sound that has to be heard to be believed, and a blur of red, black, and gold are their trademarks. They have and they are—pride.

USM Pipe Band

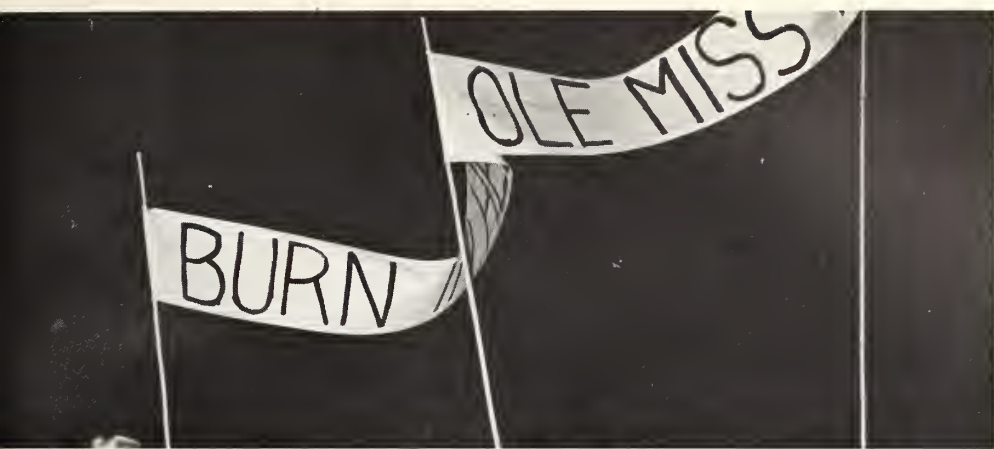

As "The President's Own" honor guard, the Pipe Band makes its annual campus appearance at homecoming, thereafter retreating to the confines of House Q where the nasal sounds of their pipes can be heard as they practice for upcoming engagements.

This past year, the Pipe Band was featured in the coronation ceremonies for the king and queen of the Mobile Mardi Gras Association and at the opening of the Mississippi Arts Festival in Jackson. They were honored as guests of the Irish Club in Baton Rouge at their annual Saint Patrick's Day celebration and at the Highland Games and Festival, held each year in Dunedin, Florida.

The Hub City

Hattiesburg will never change; it's dug in.

But during the summer, the streets downtown were all changed to one way. The citizens of Hattiesburg left their cars at home and stood around laughing while students re-oriented to the maze known as Downtown H'burg.

The police department revenue came from USM students parking in front of the post office. Parking stickers didn't entitle anyone to privileges downtown or on campus. The reason for the 15mph speed zones on Hardy Street was so that the little old lady could catch cars on foot. But H'burg is better than Oxford or Starkville.

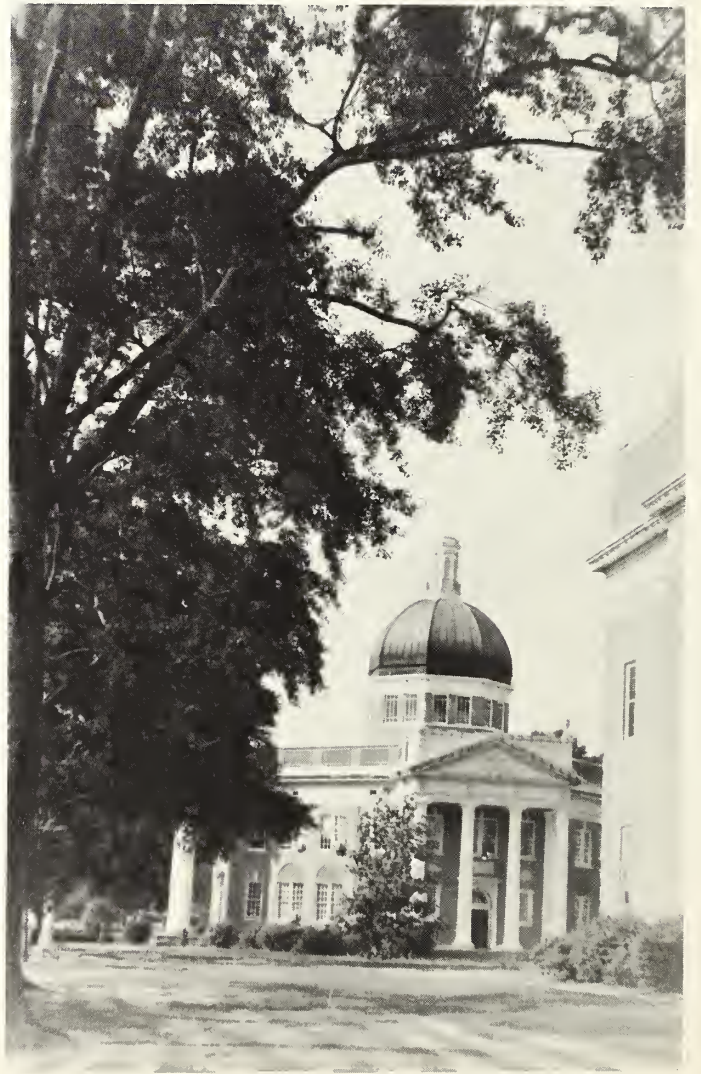

Transition: Do you realize that you can't relate Hattiesburg to anything else, but it was a nice place to be because there was everyplace else to go. All roads lead from Hattiesburg . . . the coast, Mobile, Jackson, New Orleans . . . and if you have a few dollars extra, there was still more.

Meanwhile, back at the dip, things hadn't changed much, just moved around a little bit. The Administration Building, the one with the moss-covered air conditioner on the front, was the height of all picture-taking tours. Inside, the Student Depository was on a raffle system, but you had to be present to collect.

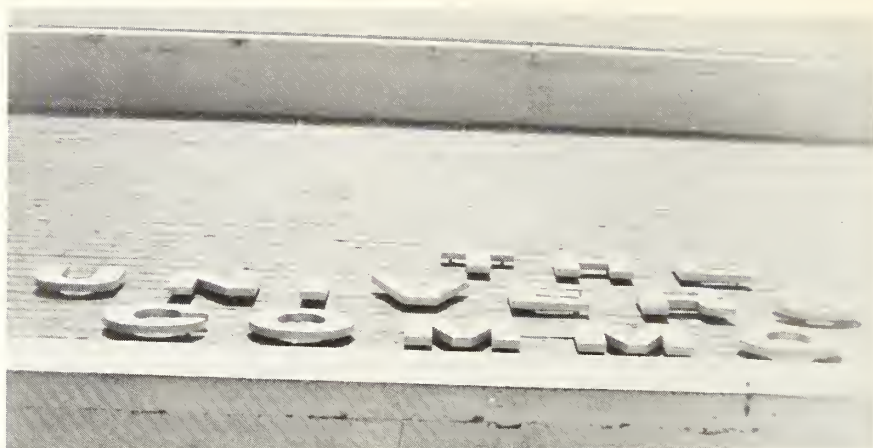

The USM Library was a nice place to visit, but you didn't want to study there; try to study, they'd rattle the shelves; look for a book and it was sent off to the bindery which was located in west Hong Kong; periodicals were made into micro-film somewhere in Oshkosh—another one of the hot towns. Occasionally the books were in the library, somewhere—it could be better termed the USM Bookmobile. The welcoming committee at the front door (the others were always locked) consisted of one "smiling" little old lady who counted the take from the duplicating machines—the house never lost. For entertainment, the library housed the largest collection of children's books in the world. "Evergreen" was still catalogued in the agricultural section.

The Commons was held up by spoons, knives, and napkins under rocky tables. If you didn't drop a tray this year, it will be your turn next year. The raisin counter was always asking if anyone was going to be on campus on the weekend; poor guy never had a date. The lemon pie wasn't lemon, just yellow; catsup wasn't for seasoning, it was camouflage; and the food wasn't much for nourishment, but it made plentiful ammunition—apple sauce, turnip greens, and other implements of destruction were quickly brought under control by Officer Oubre who was taking fingerprints, footprints of the approach and getaway, not to mention the aerial photography.

After supper, girls took a run by the Hub to check their male. The football team was loose and lined the flowerbeds on the right side. Most of the time the Hub was the best place to be when there was no place to go. Wimpy's had reserved seats; Cecil was the Maitre-d'.

Through the front of the Hub were fourteen doors—each lethal. The mail was delivered at 8 and 2, but it was put in the boxes whenever the workers felt like it; rain, sleet, and dark of night didn't mean much to them. People didn't put notices in mail boxes to let you know what was going on on campus; they just sort of scattered notices on the floor. If you wondered why three 6c stamps cost 25c, the Bookstore was in charge of the stamp machine. For part of a dry campus, the Bookstore certainly had an abundance of bar accessories.

The Coliseum "looks like Flash Gordon's bathroom."

The Student Services Building has a back door. The first rule to remember upon entering: if you planned to go to any office, leave time enough to go to at least six others; the entire staff took a course in referral. And don't try to pass on the stairs!

The Clinic was notorious for its specialty item: throat swabs and hot salty water. If the day's special happened to coincide with your ailment, you lived. But everybody won a door prize; they gave away red pills by the shoebox full. Actually they were just M&M's with the M's rubbed off.

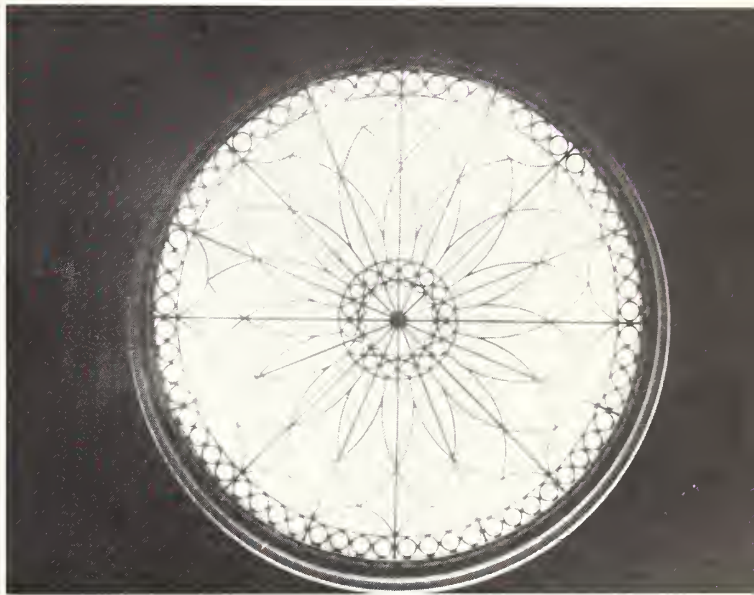

The Auditorium had the noise on top. During Fall Quarter the entire building had exploratory surgery. It still wasn't air conditioned, but it sounded like it.

The old Science Building resembled a Howard Johnson Motel. The room numbers were in alphabetical order—eight, eleven, five, four, one, seven . . . over, under, sideways, and down.

A student could die looking for House Q. You had to be 6'5" and weigh 280 to safely enter College Hall without accident insurance.

The Administration Building had more doors than College Hall, the biggest date trap on campus—once she got in there, you knew she couldn't get out.

College Hall begot Wilbur Stout, another safety hazard on campus, but this was on faculty insurance rates. Someone really ought to install guard rails so the professors won't fall off the stages so often. But the rails would probably be painted black and yellar like the rest of the bars on campus—so forget it.

The Business Building Auditorium rivaled Lake Byron for the deepest part of the dip.

A hole was dug next to the Fine Arts Building big enough to bury the entire building.

We were the only University in the South that didn't have a union . . . "We did! Where?"

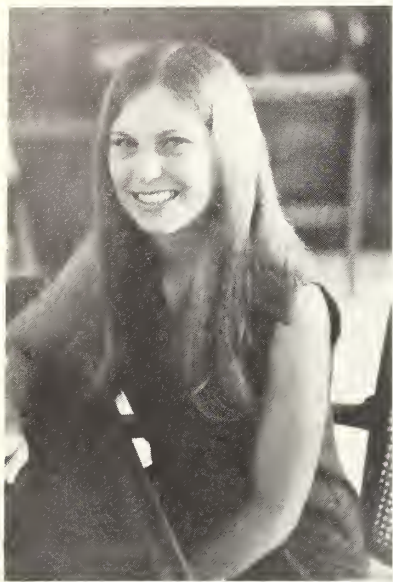

East Hall is an old ladies home.

Mississippi Hall had a Museum; Hickman had eagle's nests; Jones had a bulge; Pulley was like Jones, except without the bulge; and Roberts dropped $\frac{5}{8}$ of an inch on the east wing.

Forrest County, McClesky, and McMillan are dead—euthanasia.

Change I—the willow was gone from the island in Lake Byron.

Change II—instead of the usual “What-did-you-do-this summer” trash, “Did-Camille-do-much-damage-at-your-home” was the main topic of Nothing-Better conversations.

Change III—a huge structure was challenging Panhellenic for the top of the dip. Architecturally it fit just as well as anything else on campus. In years to come, it is bound to acquire a few endearing names; but at this time nobody knows what to say about it; it is just the new science building. How come the windows aren't straight?

Change IV—noise. Hale's Bells were installed on the top of the Auditorium—4th floor Hickman got 40,000 decibels right in the ear. It struck on the hour, every hour, all day, and ALL NIGHT. All movement came to a halt when “Onward Christian Soldiers” was played just before 8:00 classes, and thousands of draft cards were burned when “My Country Tis of Thee” was blasted out across the campus at midnight. Maybe the chimes could be moved to a more suitable place like William Carey or better yet, Ship Island.

The people who could get packed a week ahead of time came to rush—a period of bull sessions, smokers, parties, and mistaken names. Once rush was over, and everybody had found his place or made his first mistake, the freshmen began to appear in their Gant shirts with mother's note pinned to them and handfuls of vital instructions.

Orientation disoriented freshmen so they could figure it all out for themselves. The first and most helpful assistance they could learn was: don't ask anyone on campus in any responsible position . . . they won't know and the treasure they send you could last for days. During orientation McCain gave his first speech and first impression to the unimpressed freshmen who seem also to be unmoved by the fact that their blood would not be on his hands—rather glad as a matter of fact. For freshmen, moving-in was exciting, awesome, and a tremendous task. They all qualified for degrees in compressive engineering; they brought everything they owned. Upperclassmen had done it enough to know to bring at least 14 posters to cover the cracks and enough junk to rival Joe College or Jane Sterilosky.

Before you could get completely moved in, classes began at their constant, hectic pace. The campus shrunk for newcomers who discovered that they could find their way around. After a week, classes weren't any better, parties had begun, and "How-was-the-summer?" was completely worn out.

Attacks on the AWS were as habitual as classes. The AWS controlled social requirements on campus; it was a mother. Surprisingly enough, the boys did all the ranting and raving. The girls were, as always, subversive; they complained to boyfriend and boyfriend did all the fighting.

As long as dresses are, there will be dress codes and *complaints* about dress codes; we had our share.

By spring quarter, hair rollers and barefeet were legal.

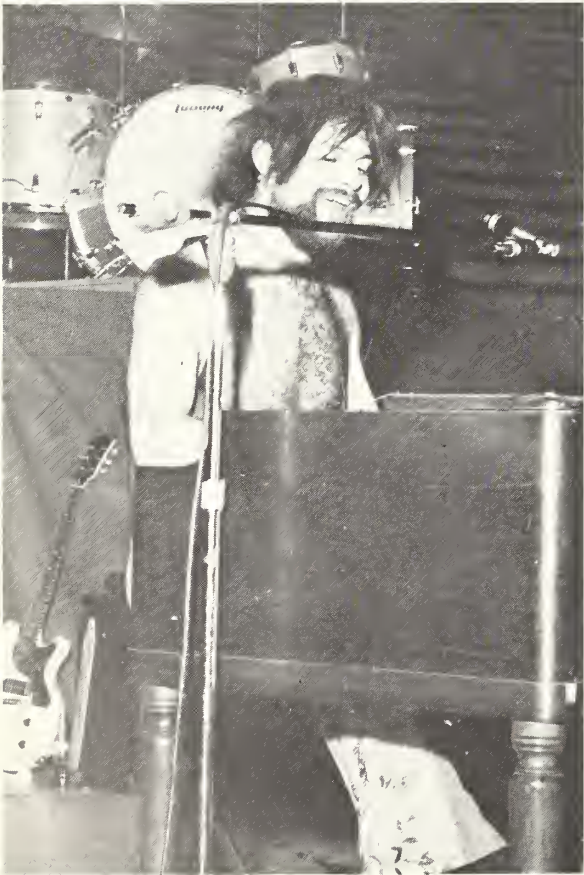

Female students surprised the campus by being as responsible as the authorities thought they weren't. The hours were changed to 1 a.m. and girls added this responsibility to the others they held as mature young women away from home and mother.

Despite popular belief and demand, students held their first (and second) organized peaceful demonstration when they participated in the National Moratorium for the war in Viet Nam. The majority of the USM students associated as much with the march as they do with the war.

It's terrible for spirit to have an apathetic student body, but it's completely deteriorating to have an apathetic administration. They just ignored us and ignored us, and if there was anything we couldn't stand, it was ignorance.

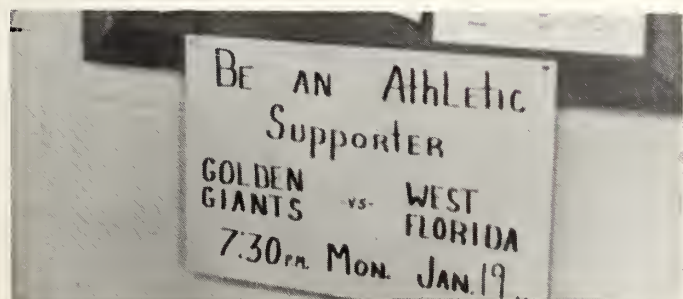

"Blood, Sweat, and Tears" really put out a show when they performed in front of our rather put out student body. It wasn't BS&T's fault; they were great, but an invasion of high schoolers with complimentary tickets was sitting in our paid reserved seats. After much apologizing and passing the buck, it was finally settled and amended.

This year being a long-hair didn't make anyone any more of an individual, just part of a growing majority. Pinning hippie-weirdo tags on people stopped during fall quarter because your professor was probably part of the crowd. But most of the Hairs were susceptible freshmen or seniors on their last fling because they had to get a job.

Football spirit was certainly not what was expected. Since the players have been segregated from the student body, they have been protected. Homecoming was an exception to our other scores; maybe they bought a football team with the Homecoming Fund this year.

Roomies went home with roomies during Thanksgiving break and found out why they act the way they do. Freshmen returned as seasoned Southerners, but the poor things still got bungled up in registration.

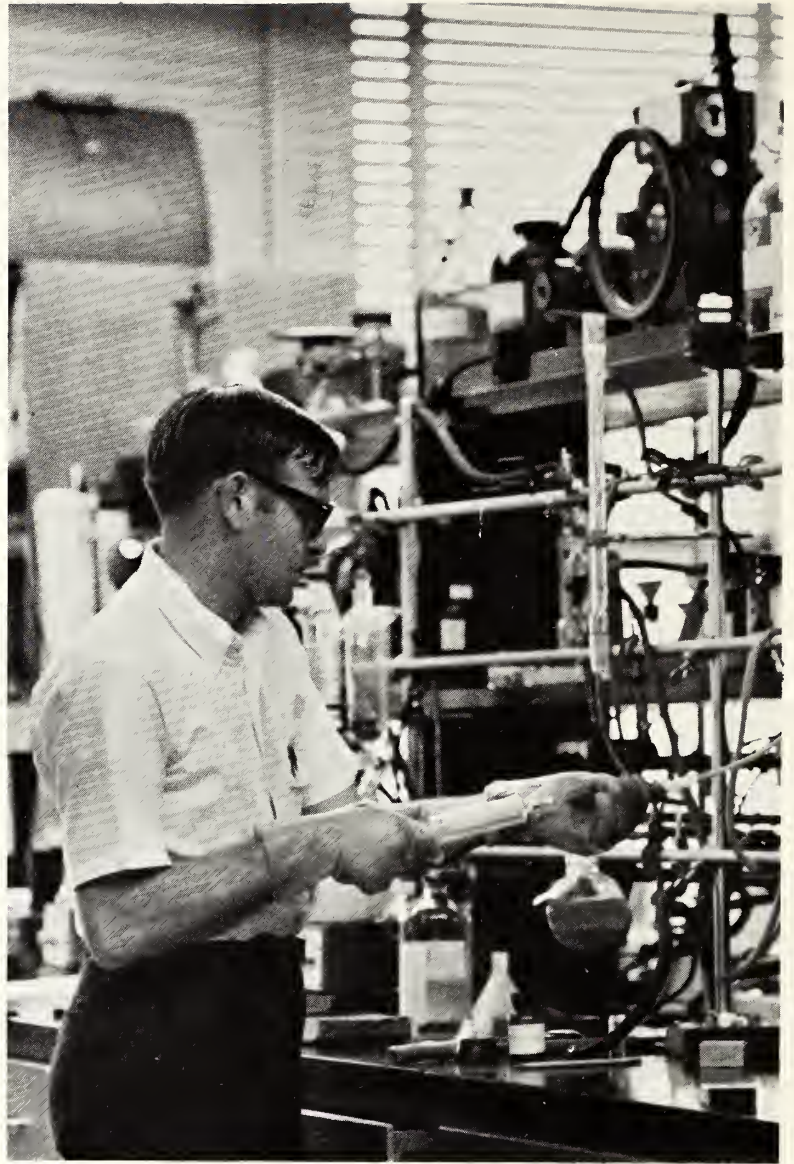

Nobody studied during the two weeks before Christmas—never have, never will—Rule No. 314, Student Code. But before we could all get home, the Christmas decorations were strung all over campus. This year there were just the candles on the Administration Building; it looked like a birthday cake (we could have been eaten out of house and dome). If McCain had had the decorations on his home during homecoming, he might have won an award. Anyone who attended the choral presentation of the “Messiah” will remember the downbeat. The chimes strike again—TA-DUM.

Christmas left Southern a deserted dip, but we all had things to get done, so we all came back. Along with the students came the VIRUS. Everybody either got it or gave it or both. After all the numbers were drawn and assigned, the whole nation went on a binge, either celebrating or drowning sorrows. The Lottery gave yet another number to the male populace, a number that was perhaps a little more meaningful than most. Some boys had never won anything before in their lives. “What’s-your-major?” was shifted to second place in social questioning; “What’s-your-number?” took precedence—a girl had to know where she stood. One of the biggest kicks of the year was to watch Waite’s Supermarket change their sign.

“Jezebel was an evil woman. Dogs ate her.”
Cabbage Wigs??

Students spent more time eating than anything else (this might be a reflection on the Commons). Pasquale's, Burger-Town-Host-House, Shoney's, Minnie Pearl-Chicken Chef-Kentucky Fried, Frostop, Ma Twilley's, California Sandwich Shop, Pizza Hut, Oaks, Jerry's, Bush's, North Heights, Mac's, Seale-Lily, Curley's Do-Nuts, McCaffrey's (on Sundays), Round Table, Captain John's, Wagon Wheel, Lee's, Coney Island Sandwich Shop, Snack-a-Minute, Dobbs House, Dari-Swirl, and the Town House—as a college student, it was a requirement to see how much you could cram or soak through your body.

For the first time since free campus movies were presented, people came filling Wilbur Stout up into the aisles, even though they couldn't decipher a word.

The highway to New Orleans was the most heavily traveled week-end route (the coast was broken).

It was amazing to see how many people had relatives in New Orleans.

Winter seemed the shortest, but Spring was the fastest. For those who left all their winter clothes at home during quarter break and brought all their spring things—our sincerest sympathy. At this writing summer still hasn't put down both feet.

Hercules had a rotten reputation, so it got all sorts of undue complaints when an oil explosion at Piney Woods filled the air with rotten eggs and speckled the entire area with yellow dust.

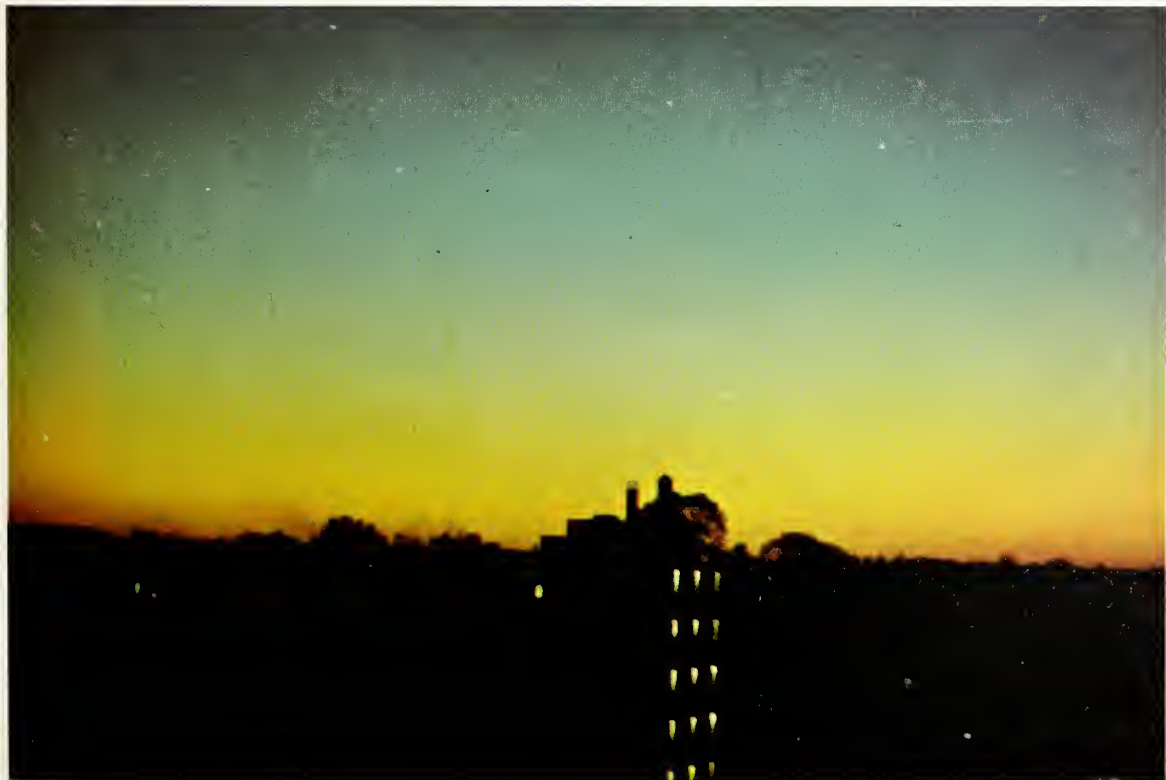

After Easter Vacation, there was no more relief, just straight classes. The end of the quarter loomed and zoomed. The only break in the routine was a held breath for 3 Apollo 13 astronauts. Studying has always had strong competition in the spring, so it was easy to make, or find an excuse, or two to get away, and into the sun.

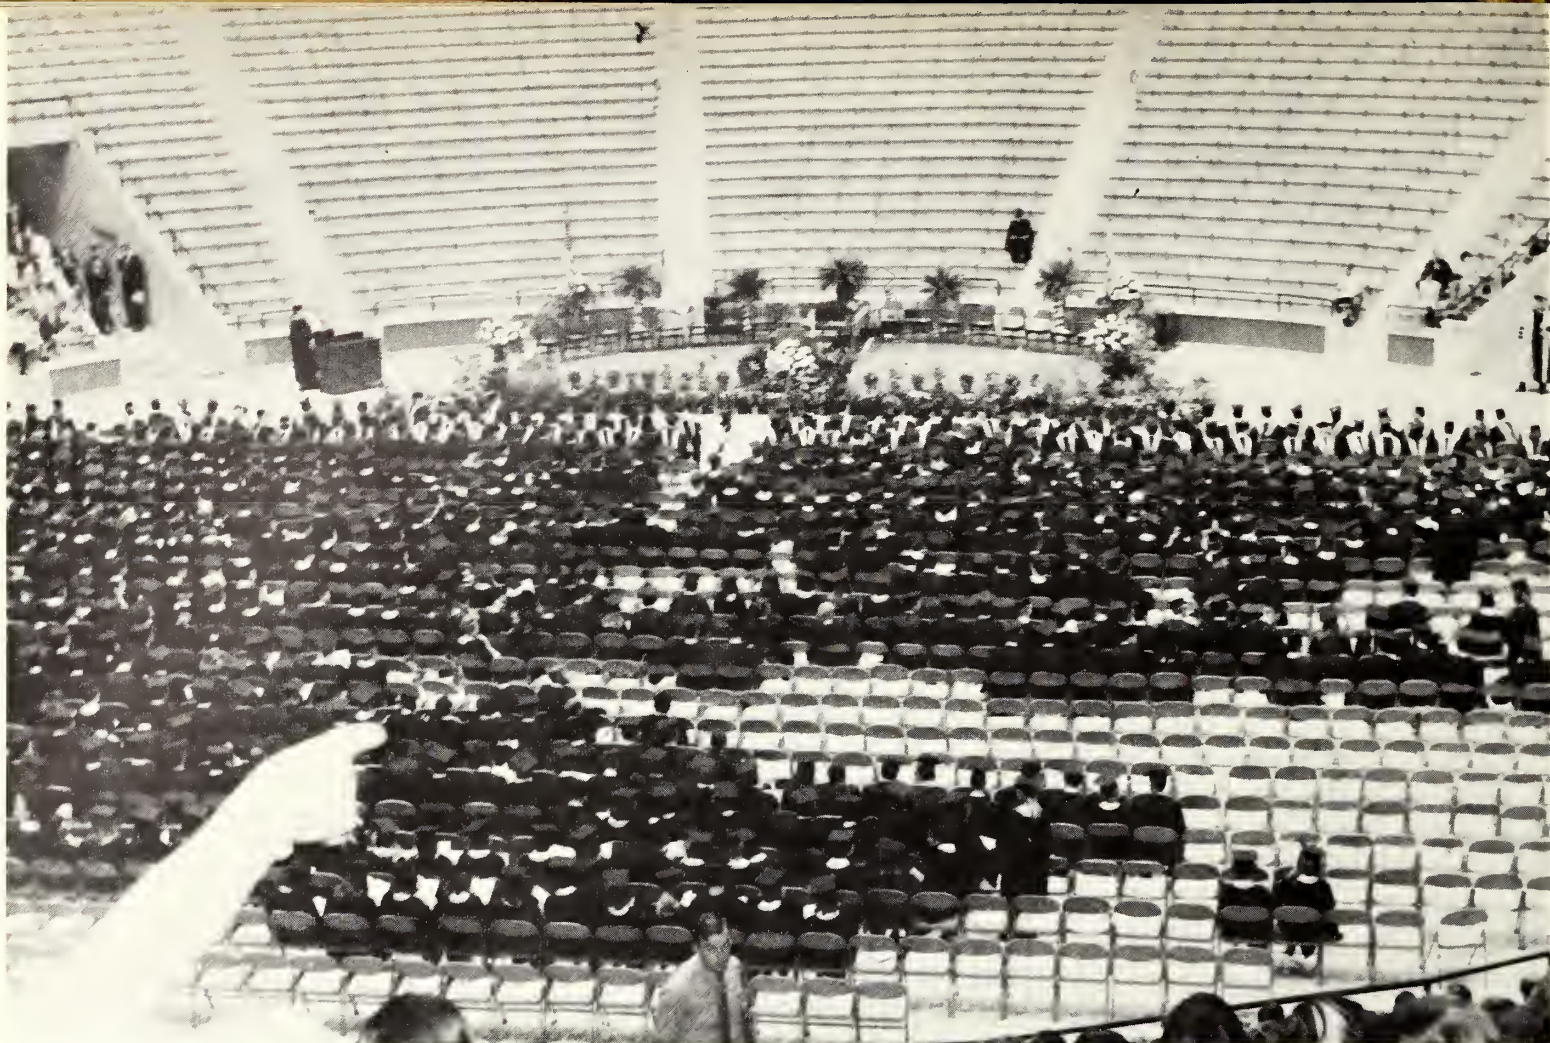

“Transit routes” were the excuse for absences for UAC activities this spring. Julian Bond and Steppenwolf were waylaid from appearances. Bond never showed and Steppenwolf played to a restless audience that had been waiting over two hours. One of the highlights of the evening was a kid who walked on his hands around the concourse during the concert.

Who donated 3,000 gallons of ugly “yellar” paint and miles of welded metal fences to the University? They couldn’t have been bought because “we just don’t have the funds available”, but those fences kept growing and glowing. TACKY. It was one thing to be efficient, but altogether another thing to have good taste.

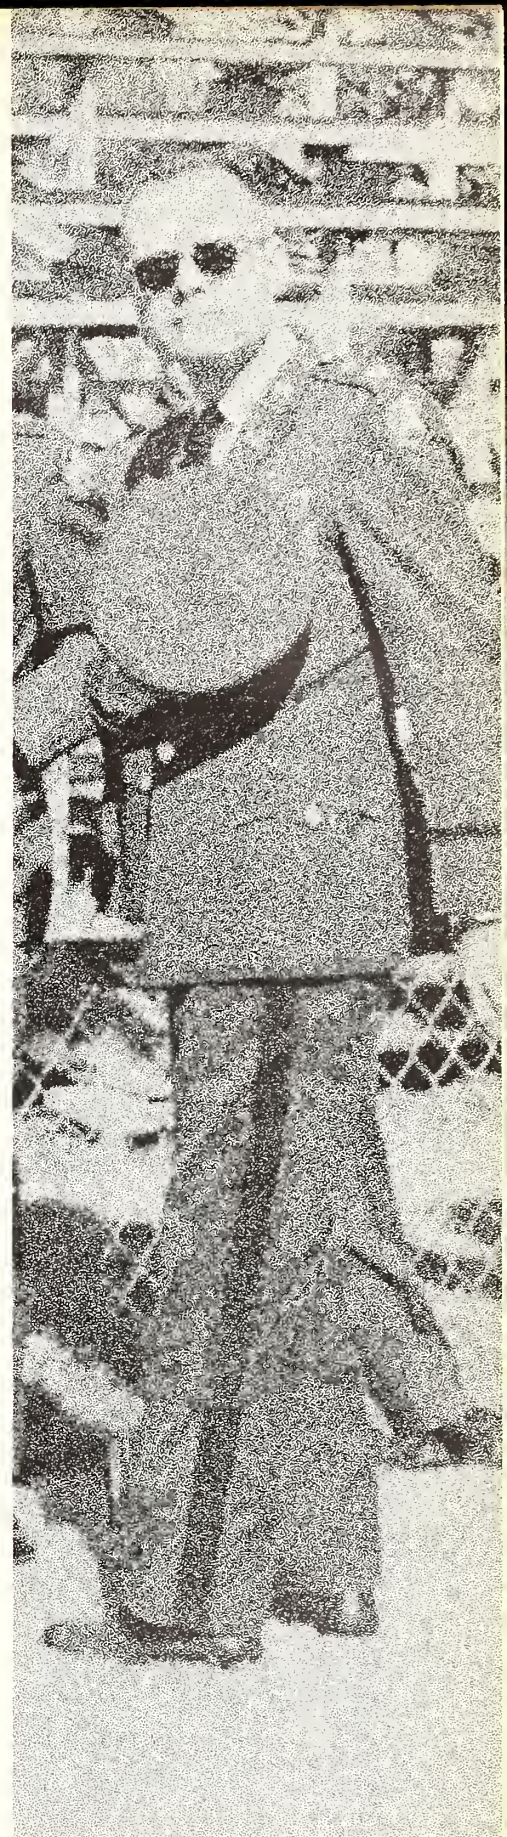

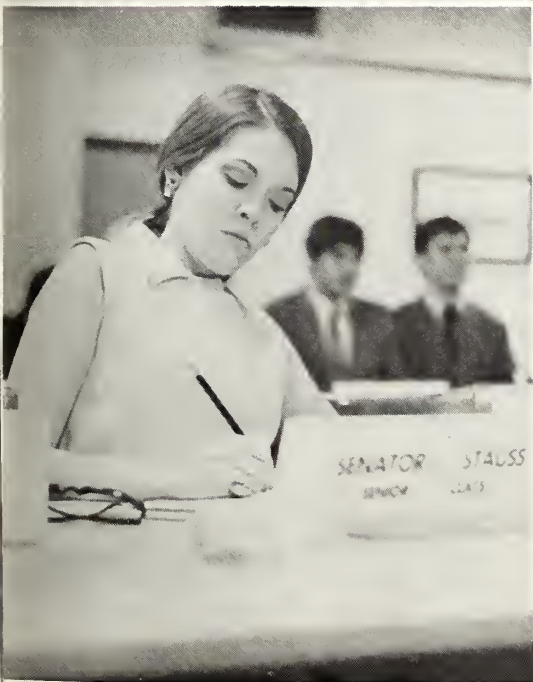

Graduation seemed a little impromptu. The candidates for bachelors degrees didn't know who they were or when to stand; Dean Moorman needed a footstool or the Ph.d's should have knelt; and one graduate received a degree from "the president of the University of Mississippi."

With a shower of mortarboards the graduating class of 1970 left Southern.

For Seniors, things have changed and things are somewhat better. It used to take three hours to drive to Jackson, now only one and a half. We came here to change and improve ourselves, to make a better future. Sometimes we find out what we want to be by learning what we don't want to be.

Organizations

Jo Bryant

Each year a secret faculty committee chosen by the Dean of the University selects six outstanding students for the Hall of Fame. These students have excelled in scholarship, campus participation, and leadership in their respective fields during their years at the University of Southern Mississippi.

Omicron Delta Kappa

Omicron Delta Kappa was founded Dec. 3, 1914 at Washington & Lee University. The U.S.M. circle was installed on May 6, 1954. Selection into ODK is the highest honor that can be afforded a male student while at Southern. Among the many purposes of the society are: recognizing men who are outstanding in their particular fields; bringing together men from many fields of campus life; and bringing the faculty and student body together on a basis of mutual interest and understanding.

SITTING: Ann Grove—Treasurer; Beverly Trask—President; Lynn Berry—Secretary; Ree Stauss; Linda King. *STANDING:* Gayle Myers, Miss Donna Jesse, Wanda King, Linda Dobbs, Sharyn Hutchinson.

Membership in Phi Delta Rho, founded in 1941, is the highest honor that can be bestowed upon a senior woman. Selection of the recipient of this honor is made by the members of Phi Delta Rho and faculty advisors and is based upon scholarship and the contributions of the members to the school, to their associations and to themselves. Phi Delta Rho recognizes scholarship, leadership, and character among senior women and promotes high standards of conduct.

Activities of Phi Delta Rho include selection of the recipient of the Outstanding Freshman Woman Award and other projects concerned with the promotion of scholarship and University activities.

Association

SGA OFFICERS—Frank Riggs, President; Kathy Greene, Treasurer; Bobo Morgan, First Vice-President; Gayle Myers, Second Vice-President; Kathy Cook, Secretary.

Keeping pace with an expanding university, the Student Government Association underwent changes during 1969-70 in the Executive Branch organization. In a special Winter Quarter election, students ratified a revised SGA constitution which most notably created the positions of Election Commissioner and Men's Affairs Board President. This change took these responsibilities off the First Vice-President, making them full-time jobs to keep up with the needs of a growing student body.

BELOW: Students and administrators relax between meetings at the Student Leadership Conference held the first weekend of Fall Quarter.

Yellowjackets

The year 1969-70, a year of immense change for the University, was the year in which the Yellowjackets evolved from an organization dedicated to Freshman harassment to one dedicated to the development of civic expression through community service. Yellowjackets were, for the first time, consistently seen helping students during every registration, at every election, and at every student government function which required their aid. The highlight of the year was the passage of a new charter which provided for both the abolition of Orientation fees and the recognition of the Club as the service arm of the Student Government Association.

Phi Mu Alpha Sinfonia

Phi Mu Alpha Sinfonia is a professional music fraternity. It was founded in 1898, at the New England Conservatory of Music. Today there are over 300 active chapters throughout the world. The Eta Phi Chapter of Phi Mu Alpha was founded on Southern's campus on May 15, 1957. Since that time Eta Phi has taken an active role in many musical activities on and off the USM campus. This Year the chapter sponsored the Southern Arts Jazz Festival which featured Mr. Dea Barton, one of the nation's best jazz composers. The festival was a big step forward for Southern, and Eta Phi hopes to help make it an annual affair.

Delta Sigma Pi

A professional fraternity, Delta Sigma Pi was organized with the purpose of acting as an extension of the study of business in universities.

Its goals include the encouragement of scholarship, social activity, and the association of students for their mutual advancement by research and practice. Emphasis is also placed on business ethics and concern for the commercial welfare of the community. Lectures by noted authorities on business and the Delta Sigma Pi Formal were among the many activities offered to the members.

Southern Players

This year the Southern Players once again brought the students and local residents a wide variety of dramatic performances. "Barefoot in the Park," "Celebration," and "Spoon River Anthology" were among the offerings that most people didn't see. The long hours of preparation, both on stage and behind the scenes, were finally rewarded with applause, but the show went on more because of the desire of the Players than the interest shown by the students in one of Southern's best departments.

Keyhole

For the first year as *The Keyhole* ("The key to the whole thing"), USM's teacher-course evaluation rolls along combatting first quarter frosh who comment "This is the best college course I have ever taken," and faculty who consider "poor" a dirty word. The purpose behind this project is two fold: to point up the teachers' strengths and weaknesses and to give the student an idea of what he's getting into.

Established at Longwood College in Farmville, Virginia, Alpha Sigma Alpha was the first sorority founded in the twentieth century. Alpha Sigs strive to develop intellectually, socially, physically, and spiritually through such activities as scholarship suppers, formals, intramurals, and chapter church days. Alpha Sigs ASPIRE, SEEK, ATTAIN . . . top ten beauty . . . cheerleader . . . Panhellenic scholarship award for two years . . . spirit stick . . . officers in Alpha Lambda Delta, Druids, and Phi Delta Rho . . . executive editor of *The Student Printz* . . . and fraternity sweetheart. But being an Alpha Sig begins—not in the administration building or classrooms—but in our own chapter room. The secrets of our sisterhood extend beyond the ritualistic services. What's sharing? It's having your family seek you and wonder . . . B.M.'s a Senate Page?! . . . Steel is so excited . . . the devil made me do it . . . 'tis who? . . . Urs resigned again . . . P. F. Flier and Henry . . . Peppermint finally got elected . . . Campbell's gone where for the weekend . . . Sisterhood—that's what it's all about.

Alpha Tau Omega Fraternity was founded on September 11, 1865 at Richmond, Virginia and was the first Greek letter fraternity founded after the Civil War. Southern's Epsilon Upsilon chapter was installed November 19, 1949 and since that time has enjoyed active social and academic growth. The year really started off with a bang, the house got a new coat of paint, and we got a new outlook on life. And then there was rush—well back to the days of getting near a sheepskin and Linda, too. Sala and Regis have two floors now and one of them is blue. Diamonds are a girl's best friend, aren't they Little Bear? And no more wrecks since Tabor sold the target. Dossett and Sellers have a tiger in their tank now. Grades are grades and we always try harder. The ole red-head is gone, but we won't forget his spirit will live on in room No. 1. Homecoming was great, great band, great party, and great to be number one in decorations. Song Fest—we aren't singers, but we were entertaining. The Viking Party was a success as usual and this time without a fine.

For nearly one hundred years the philosophy of Kappa Alpha Order has etched itself upon the minds of thousands of leaders in every phase of our social life. The world of Kappa Alpha Order is many things to many men. Foremost among things which are Kappa Alpha is the vision of a life nobly lived. The motto "Dieu et les Dames" means For God And Womanhood . . . life's two most noble treasures. Biloxi strangler strikes again . . . Mardi Gras at the Stables . . . Wally's shy approach . . . Phi Epsilon chapter of Delta Delta Delta was installed at USM on March 31, 1951, and since that time Tri-Delta has grown in number and sisterhood. Tri Deltas are known on campus for their winning smiles, and they are always willing to pitch in help on any worthwhile social or community project. Deltas are also active in campus activities such as . . . cheerleaders, treasurer of SGA, secretary of UAC, Miss Southern who went on to be first alternate to Miss Mississippi, campus beauties, religious honoraries, Alpha Lamb, Druids, Phi Delta Rho . . . just to mention a few. Often times Tri Deltas are working behind the scenes, but this does not mean that they go unnoticed by our chapter. This past year for Tri Delta has been one of fun and hard work, but more than that it has been a year of close sisterhood for the Deltas, and next year the Tri Delts will be on the move toward higher goals of scholarship, leadership, and sisterhood.

Again in 1970 Kappa Sigma at Southern proves to be truly the "House of Champions." Many honors on campus such as: President of SGA, President of IFC, Mr. USM, Greek of the Year, Presidents of Senior, Junior and Freshmen Class. In Sports: IFC and Overall School Champs. Accomplishments such as this can be obtained with only one quality—brotherhood.

Weird!—the Swirl Kid—Demo the drunk—where is Suzy—Dustrige Geno—Rex's Den-Rabbit Tooth—Wick and Redhead—Hey Rich—Ceasar's Films—Marsha, Mag and Rankin forever.

And as for the future—we shall remain first and foremost—Kappa Sigma.

January 25, 1970, Delta Gamma colonized here at USM. A little nervous yet very happy and excited, we came to Delta Gamma with great expectations. Since that day only a few short months ago, we have grown very close through the bonds of love and friendship by which Delta Gamma is best exemplified.

The DG's can be seen working hard and playing hard, gaining great new pledges all the while, as we made our first attempt at intramurals, campus elections, Greek Week activities, and charitable projects. We are proud to have officers of AWS, president and secretary of Alpha Lambda Delta, and members of Druids as our energetic sisters. We strive always so that through our efforts, a strong foundation will be set in order that Delta Gamma will have many many years of success at Southern.

The candlelights, midnight gab sessions, and all the tears and joy that we share are very special to us now as the anchor and the bronze, pink, and blue of Delta Gamma becomes a way of life for us.

And this is only the BEGINNING!

The ideals of Pi Kappa Alpha represent the highest in honor, leadership and truth. Since our birth in 1868 by six young men at the University of Virginia at Charlottesville, Pi Kappa Alpha has become an obvious leader in the fraternity world. The achievements of over 65,000 members illustrate the powerful influence of these ideals.

We have found in these standards of character and conduct a constant source of stimulation. Being the fraternity known as "The Friendly Fraternity," we firmly believe we are better men for having the privilege of lifetime associations with other members of Pi Kappa Alpha who share our ideals and aspirations. Membership in Pi

Kappa Alpha is an open door to friendship.

Pi Kappa Alpha is truly a national fraternity with over 130 chapters from coast to coast. Pi Kappa Alpha continually strives, by careful selection of its men, to assist in the scholastic achievement and character development of all who wisely say, "I want to belong to Pi Kappa Alpha."

Delta Zeta

Throughout the ages of man, light has been the symbol of civilization. Worshipped by ancient peoples, and adored by poets, musicians and artists of all times, light is the basis of life. Therefore, Delta Zeta has chosen the Golden Lamp with its flame of friendship as her symbol.

Delta Zeta, the world's largest national sorority, established Epsilon Mu of Delta Zeta at the University of Southern Mississippi in April, 1966. Guided by the flame of love and friendship, Delta Zetas have become R.O.T.C. sponsors, Greek Goddess, homecoming maid, Greek Week champions, class officers, senators, organizational presidents, tennis champions, College Queen, and fraternity little sisters. Delta Zeta's were active in community service projects, scholastic activities, and campus honoraries.

Delta Zetas also donned the Kilarny rose, clothed in the colors of old rose and vieux green, a single diamond and four pearls, which all symbolize the eternal bond of sisterhood to be found within the sacred vows of Delta Zeta. Delta Zetas, throughout the world, shall now and eternally walk truly in the light of the flame.

Phi Kappa Tau, founded twenty one years ago, is the first national social fraternity founded at USM. Today Phi Tau continues to lead the way just as we did twenty one years ago. Phi Tau excels in scholarship, sports, and most important in brotherhood.

If we got any more social, the Assistant Dean of Men would resign. What happened in "69," Yank goes to the army . . . Baune gets a hairdresser . . . Shamburger uses bear grease . . . Shumaker is cool . . . Asberry comes back for another quarter . . . Ronnie Day turns gross . . . French Quarter is held again . . . Last weekend is great as usual . . . Hoip makes an unusual Santa Claus . . .

Homecoming comes only once a year . . . Great . . .

If it took a new house to be number one, Phi Tau would be number eight, but it takes more than a house, it takes brotherhood. In brotherhood Phi Tau ranks number one. As we stand and look on "69," we are proud; and as we look to the future, we see the Glowing Star of Phi Kappa Tau rising. Phi Tau proud—you bet we are!

Kappa Delta is sisters sharing, sisterly love; the white rose, a diamond shield, and being a KD lady. Beta Sigma shares a stronger bond of sisterly love as they work together to build a greater and better Kappa Delta. KD claims such honors as having three of the four Freshman cheerleaders, and for the coming year two of the four varsity cheerleaders, three of the top ten beauties, two of whom were in the top five, fraternity little sisters, five campus sweethearts, the SRF President for last year and this coming year, Dean's and President's list scholars, Senators, the SGA Election Commissioner, members of Mu Phi Epsilon, Alpha Lambda Delta, and Druids. KD's served as class officers, the Freshman class maid at Homecoming, a class favorite, the Dixie Darling Captain and members of her team, Miss Glamour for Southern, several pageant alternates and winners, Miss Congeniality for the Miss Southern Pageant and three in the top ten with one as 1st alternate, counselors, members of the University Singers, the University Activities Council, and the Spirit Club. Three KD's were in Who's Who in American Colleges, some were members of Phi Delta Rho, and together as a chapter—the KD's were the Song Fest winners. The chapter also had the honor of having the Outstanding Freshman Woman. Greer—don't you like pic?!!! Hey Courtney, stand up so we can look at your legs!!!! Boy, you should see Bethany and Frank say goodnight—huh Bethany??!! Man, why has everyone got a dress like me? Who fell down the stairs at Song Fest?? Courtney? French and her fake candlelights!! Where is the secret closet?! You say that if my car gets stuck in the mud, I can call the KD's!!!!!!!!!!

Scholarship, friendship, fun, work, honors, projects—all these and many more go into making a KD lady.

Sigma Alpha Epsilon was founded in the Deep South and has grown to become the largest National Social Fraternity. A leader at USM, SAE excels in scholarship and social activities and in community service. The house with the beautiful mural . . . Opossum and country music . . . Pi Beta Phi

Pi Beta Phi, the oldest national fraternity for women, was founded April 28, 1867 in Monmouth, Illinois. Mississippi Alpha chapter is now looking forward to its tenth anniversary next year. This has been a great year for us—Pi Phis have won such honors as first place in homecoming decorations, Miss USM, spirit-word, ROTC sponsors, freshman cheerleader, six senators, senior class favorite, Phi Delta Rho, Druid, Alpha Lambda Delta, Secretary of SUSGA, and Secretary of the Student Senate.

This was the year of The Engagement Ring . . . our scholarship was outstanding as always . . . every Pi Phi sings like a bird—a chicken, specifically . . . what is this about Gopher Girls? . . . remember the day we all went roller skating . . . Santa Claus had a fall-out problem this year . . . Judy and Lynn went on a road trip . . . let's not be nebulous . . . O.K. you guys . . . the chapter room ghost was busy with the lights . . . Panama City has a strange hypnotic attraction around Easter . . . we enjoyed fun get togethers like kitchen duty and study hall . . . even George dressed up for Halloween . . . keep on diggin' . . . and as another year passed, we look back at our accomplishments with pride and confidence that our sisterhood will continue true and deep in bonds of wine and silver blue.

Sigma Nu was founded in 1869 on the campus of the Virginia Military Institute. The principles of knightly honor upon which it was founded still endure in the men who wear the five-armed-star. As Sigma Nu begins its second hundred years, Theta Gamma begins its second year as a Chapter at USM. Being the youngest fraternity on campus, Sigma Nu offers its men the opportunity to grow and build, with a strong national background of over 100,000 initiates.

A new house . . . enough trouble with the old one . . . B.A.T. . . . Mom and the gang hits Memphis . . . St. Valentine's Day Massacre Party . . . Ivan and the Hunchback haunt the towers . . . Ring Bearer, D.C. . . .

Jack Frost . . . the senile one . . . the vulture and his evil assistant . . . I'm hot, and you can believe that. Participation is a key word with Sigma Nu—spirit, songfest, athletics, social, politics, brotherhood, and honor. Sigma Nu looks to the future in a new house with the same unity and strength in diversity. Honor Now and Always—Sigma Nu.

Watch that girl—she's a Phi Mu! Hey, what do you mean? Phi Mu's are a special group of girls—full of energy, enthusiasm, and most of all—fun propagated by Les Soeurs Fidelis, The Faithful Sisters working together for a purpose. It is truly evident on campus—a feature twirler, members of Alpha Lambda Delta, Druids, R.O.T.C. sponsors, beauties, S.G.A. officers, members of the annual staff, Dixie Darlings, three fraternity sweethearts and a fraternity little sister. Even fun in the dorms—who's got the popper, I gotta have some popcorn . . . powder, Karen, Not flour, it's a candlelight . . . who wants a hotdog?

A Phi Mu girl is serious, too—another 4.0 Regina . . . sell those tickets for the March of Dimes . . . how many bulletin boards for the Speech Department do we need?

The closeness of sharing in the work of a sorority—shine those shoes . . . polish that silver, Cathy . . . who messed up the kitchen again . . . I was second base yesterday . . . did you get the band for the Spring Fling yet? . . . roses and a fifth of what? I thought we were going to serenade our big brothers!

Alpha Omicron Chapter of Phi Mu since its beginning on Southern's campus in 1950, has given each group of girls a well-rounded, more meaningful college career and will continue to do so . . . No Diane, you can't major in Phi Mu!

Chartered at Southern in 1953, Mississippi Gamma Chapter of Sigma Phi Epsilon has grown into one of the most fruitful and best organized fraternities on campus. The "Fraternity with a Heart" is here to develop social competency, scholarship, and that most worthy quality of leadership.

Engagement ring trading mart . . . Godfathers all . . . Who're you dropped to this week . . . Wendy finally got it . . . no more missing link . . . Pabst for president . . . baby cats for a boa . . . How 'bout a game of poker . . . big cars breed passion . . . "High above a . . . 's garter . . ."

Sigma Phi Epsilon is emerging; LOOK OUT LITTLE WORLD.

Tri Sigma has fostered sisterhood at Southern for thirty-three years. This year held campus honors, service, relaxation and wholehearted fun for sisters . . . "Hey, Elmo's a Who's!" . . . Beef stroganoff, ugh . . . If anyone finds an annual section, please notify Jill Easton. . . . "A queer pixie? Who's a queer pixie?" . . . Laura and her purple cow . . . fourth in softball, first in badminton. . . . "Any sister of mine will keyhole" . . . SUSGA, Druids, Honors Program, Alpha Lamb were all reason for missing cleaning the chapter room.

Ask any pledge to explain the Robbie Page Memorial. A wider interpretation of this national philanthropy is our motto "Sigma Serves Children." Nationally, we finished a Children's floor at the Chapel Hill Hospital. Our chapter gave a Christmas party for two tiny girls—with a bearded Goodrich as Santa Claus—and found we all gained because we had given.

Pep rallies, placing in both Song Fest and Greek Week involved each quarter's plans—along with each days' joys, tears, and plans to shortsheet your roommate's bed.

Greek Games

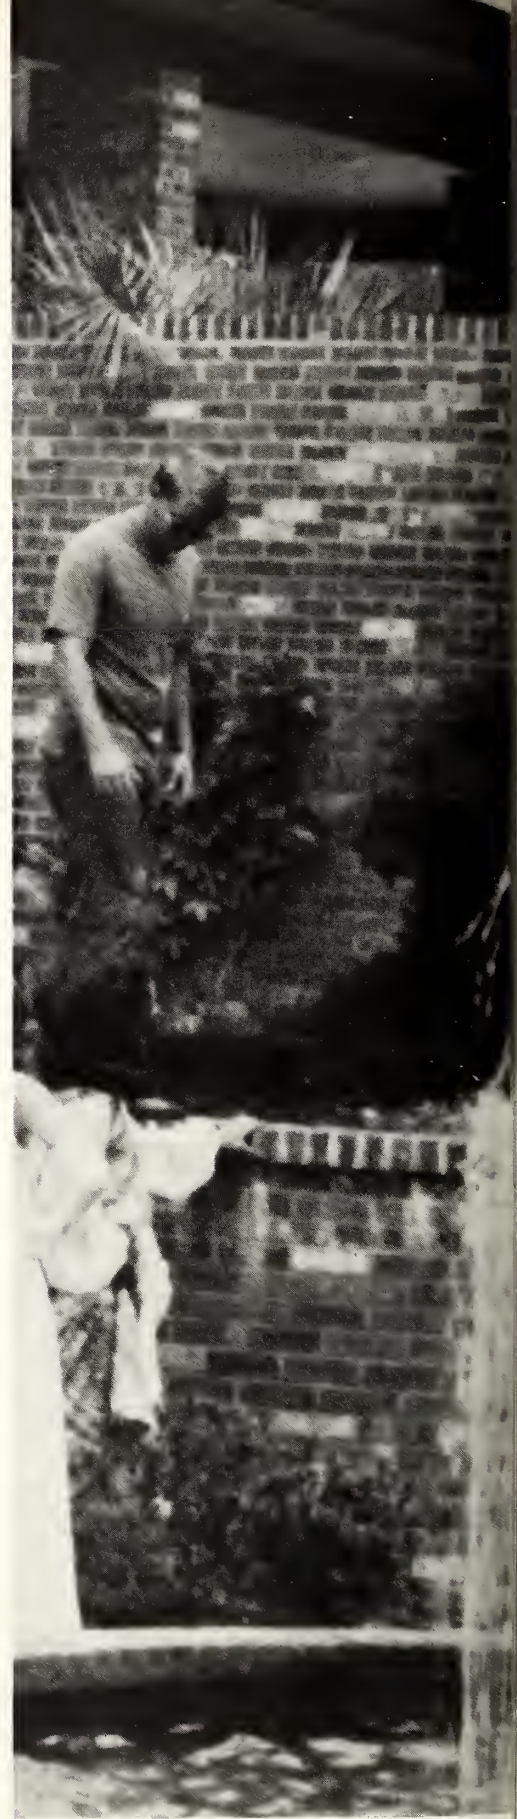

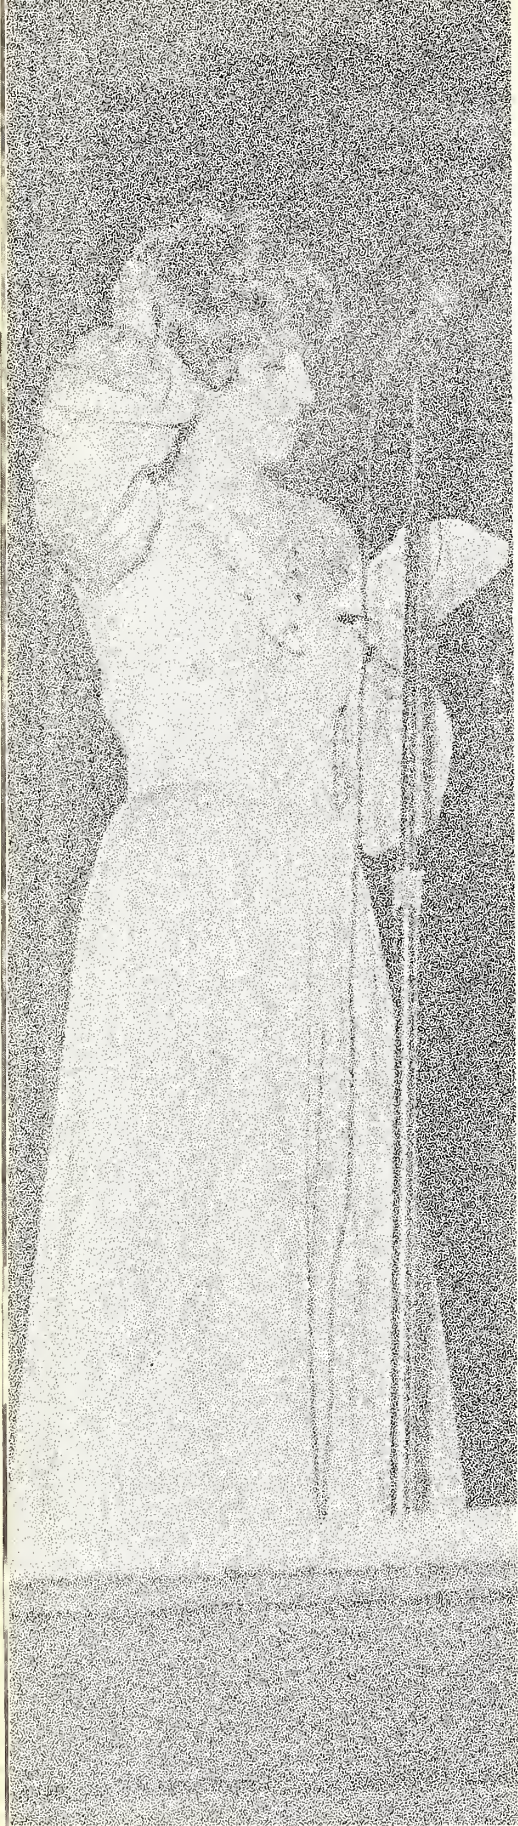

The Greek Games highlighted a week of Greek activities that included visits from Governor Williams and Andrew Fabacher. The games, held at Camp Shelby this year, seemed endless due to the gravel game field, the bugs, and the added events. But things really got rolling when time came for the water sports. Those who didn't take to the water got taken anyway. Sigma Nu and Delta Zeta took top honors and the Kappa Sigs won the food war in the Commons. Ivy Peebles' Medicine Show was the band for the first annual Greek Dance, but most people were too worn out to enjoy them.

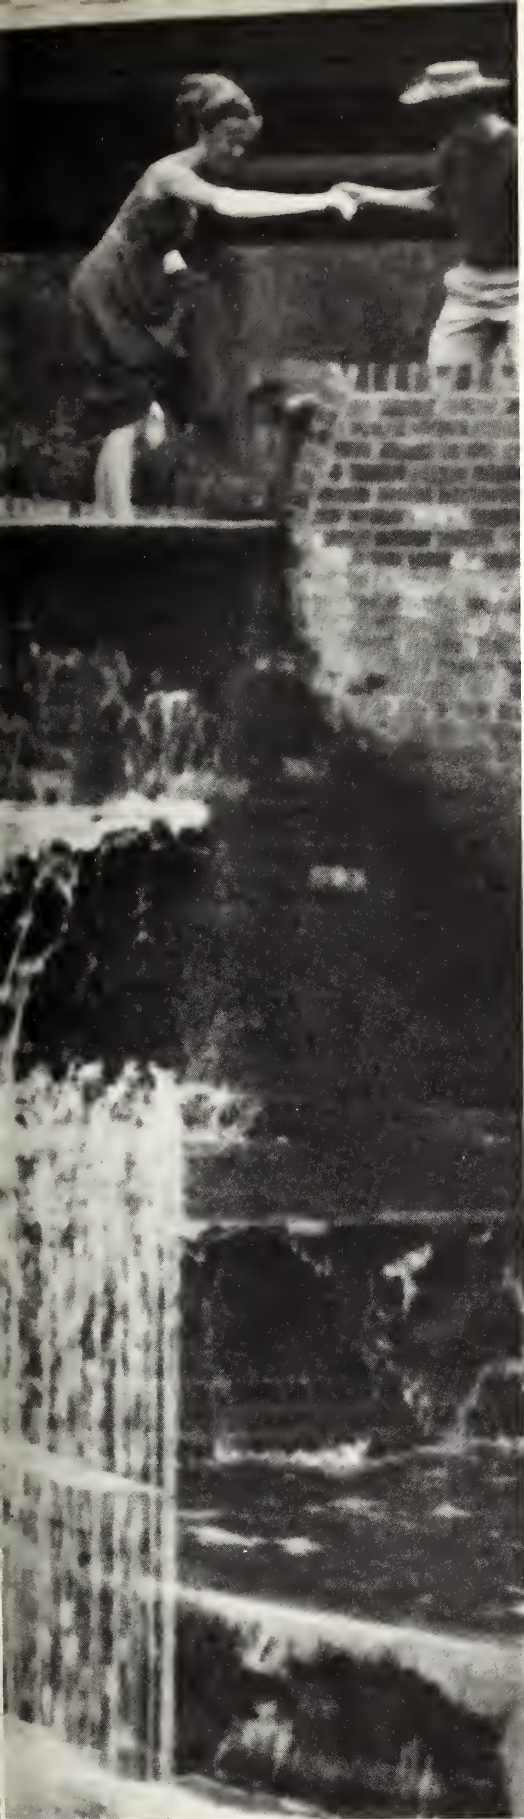

In addition to the social gatherings usually associated with Greek organizations, there were numerous other areas in which they participated. Chi Omega Songfest was one of the highlights of the Christmas season. Kappa Sigma and Kappa Delta took top honors this year. The Greeks also had many community service projects, both on campus and in the Hattiesburg area.

Miss Southern Pageant

The first University activity in the revamped, reramped auditorium was the Miss Southern Pageant, waved in by Fannie Flagg. At the end of two evenings of competition, the judges selected a new Miss Southern, and at the end of a year, Colleen O'Mara passed the crown to Kay Paschal.

Homecoming 1969

Homecoming eve arrived, and once again all night vigils went into effect, as students wrestled with chicken wire and crepe paper. Somehow this bedlam resulted in stagecoaches, mountains, globes, caged spiders, and the largest Rebel flag in the world. Alums battled through all of this paraphernalia to see Big Gold victorious over the Spiders, but if the game had lasted two minutes longer, we would have lost.
